Notes to Unaudited Condensed Financial Statements

Note A: Basis of presentation

The financial statements presented herein have been prepared by the Company in accordance with the accounting policies in its Form 10-KSB dated December 31, 2001, and should be read in conjunction with the notes thereto.

In the opinion of management, all adjustments (consisting only of normal recurring adjustments) which are necessary to provide a fair presentation of operating results for the interim period presented have been made. The results of operations for the periods presented are not necessarily indicative of the results to be expected for the year.

The Company is in the development stage in accordance with Statements of Financial Accounting Standards (SFAS) No. 7 "Accounting and Reporting by Development Stage Enterprises". As of March 31, 2002, the Company has devoted substantially all of its efforts to financial planning, raising capital and developing markets.

Financial data presented herein are unaudited.

Note B: Related party transactions

Prepaid rent

The Company paid an affiliate \$4,000 during April 2001 to rent office space for the period from April 1, 2001 through March 31, 2002. As of March 31, 2002, all \$4,000 was expensed as rent expense including \$1,000 for the three months ended March 31, 2002 in the accompanying condensed unaudited financial statements. The Company's management has estimated the fair market value of the office space at \$500 per month. Therefore, an additional \$500 was expensed as rent during the three months ended March 31, 2002, with an offsetting credit to additional paid-in capital.

Indebtedness to related parties

The Company incurred \$285 in expenses to an affiliate during the three months ended March 31, 2002 for administrative services performed on behalf of the Company. The Company's management has estimated the fair value of the services at \$1,000 per month. Therefore, an additional \$2,715 was expensed as contributed administrative support during the three months ended March 31, 2002, with an offsetting credit to additional paid-in capital. The Company owed the affiliate \$344 for the administrative expenses at March 31, 2002, which is included in the accompanying condensed balance sheet as due to affiliate. The Company repaid the affiliate in April 2002.

In January 2002, the Company repaid two directors a total of \$5,500 for working capital advances received in prior periods.

Note C: Income taxes

The Company records its income taxes in accordance with SFAS No. 109, "Accounting for Income Taxes". The Company incurred net operating losses during the three months ended March 31, 2002 resulting in a deferred tax asset, which was fully allowed for; therefore, the net benefit and expense resulted in \$-0-income taxes.

During January 2002, the Company sold 550,000 shares of its common stock for \$16,500, or \$.03 per share. Of the 550,000 shares sold, 50,000 shares were sold to officers of the Company and 500,000 shares were sold to unrelated third parties.

Rescission offer

On July 5, 2000, the Company notified the State of Arizona that it had collected proceeds from a common stock offering prior to meeting all Blue Sky laws required by that State. The Company sold 16,000 shares of its no par value common stock to three Arizona residents for \$4,000 through the private stock offering. To remedy this situation, the Company undertook a voluntary rescission offering pursuant to R14-4-101 of the Regulations of the Arizona Corporation Commission, Title 14, Chapter 4, as amended, which was approved by the Arizona Corporation Commission, Securities Division on April 10, 2002. The Rescission Offer was subsequently submitted to the Arizona investors, all of whom have declined to rescind their shares.

Part I. Item 2. Plan of operation

PLAN OF OPERATION

The Company plans to continue to design, market, sell and maintain customized and turnkey web sites on the Internet that are hosted by third parties. To date, revenues from these services have been minimal. The Company intends to generate increased revenue through the expenditure of additional funds for marketing, advertising and promotion. The Company believes that the revenue generated from operations may not be sufficient to finance future activities and that it may be necessary to raise additional funds through equity and/or debt financing in the next twelve months. There is no assurance that the Company will be able to generate additional capital for marketing, advertising and promotion and/or other purposes. In the event that only limited additional financing is received, the Company expects its opportunities in the design, marketing, and sale of Internet web sites to be limited.

Furthermore, if we are unable to raise additional capital to support our future operations, we may begin exploring business opportunities for possible investments and/or business combinations with companies that may be outside of our original business plan. As of the date of this filing, we have had no discussions and no agreements have been reached with any third parties regarding such an investment or business combination.

The Company does not intend to hire any additional employees in the foreseeable future. The Company does not intend to make significant equipment purchases within the next twelve months.

Special note regarding forward-looking statements

This report contains forward-looking statements within the meaning of federal securities laws. These statements plan for or anticipate the future. Forward-looking statements include statements about our future business plans and strategies, statements about our need for working capital, future revenues, results of operations and most other statements that are not historical in nature. In this Report, forward-looking statements are generally identified by the words "intend", "plan", "believe", "expect", "estimate", and the like. Investors are cautioned not to put undue reliance on forward-looking statements. Except as otherwise required by applicable securities statutes or regulations, the Company disclaims any intent or obligation to update publicly these forward-looking statements, whether as a result of new information, future events or otherwise. Because forward-looking statements involve future risks and uncertainties, these are factors that could cause actual results to differ materially from those expressed or implied.
