1. To elect each of the five nominees for director named in the accompanying proxy statement (the “proxy statement”) to hold office until the 2025 annual meeting of stockholders and until his or her successor is duly elected and qualified or, if sooner, until his or her earlier death, resignation or removal (“Proposal 1”);
2. To ratify the selection of RSM US LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2024 by the audit committee (the “audit committee”) of the board of directors of the Company (the “Board”) (“Proposal 2”);

4. To approve the amendment and restatement of the Company’s second amended and restated certificate of incorporation, as amended (our “Charter”), in substantially the form attached to the proxy statement as Annex A, to, at the discretion of the Board, effect a reverse stock split with respect to the Company’s issued and outstanding common stock, par value \$0.001 per share, including stock held by the Company as treasury shares, at a reverse stock split ratio of 1-for-5 to 1-for-15, inclusive (“Proposal 4”);
5. To approve an amendment to the Company’s Charter, in substantially the form attached to the proxy statement as Annex B, to, at the discretion of the Board, increase the number of shares of common stock authorized for issuance thereunder from 34,666,667 shares to 50,000,000 shares (“Proposal 5”);
6. To approve a proposal to adjourn the Annual Meeting to a later date, if necessary or appropriate, to permit further solicitation and vote of proxies in the event that there are insufficient votes for, or otherwise in connection with, the approval of Proposal 4 and Proposal 5 (“Proposal 6”); and

These items of business are more fully described in the proxy statement accompanying this notice. The proxy statement accompanying this notice is being issued in connection with the solicitation by the Board of a proxy on the enclosed form of proxy card for use at the Annual Meeting.

**PROXY STATEMENT  
FOR THE ANNUAL MEETING OF STOCKHOLDERS**

**To Be Held On June 6, 2024**

**QUESTIONS AND ANSWERS ABOUT THESE PROXY MATERIALS AND VOTING**

**Who is soliciting my vote?**

We are providing you with these proxy materials because the board of directors (the “Board”) of Alaunos Therapeutics, Inc. (“we,” “Alaunos” or the “Company”) is soliciting your proxy to vote at the 2024 annual meeting (the “Annual Meeting”), including at any adjournments or postponements thereof. The Annual Meeting will be held on June 6, 2024 at 9:00 a.m., Eastern Time virtually and exclusively online via live audio-only webcast at [www.virtualshareholdermeeting.com/TCRT2024](http://www.virtualshareholdermeeting.com/TCRT2024).

**Why did I receive a notice regarding the availability of proxy materials through the internet?**

Pursuant to rules adopted by the Securities and Exchange Commission (the “SEC”), we have elected to provide access to our proxy materials over the internet. Accordingly, we have sent you a Notice of Internet Availability of Proxy Materials (the “Notice”) because the Board is soliciting your proxy to vote at the Annual Meeting, including at any adjournments or postponements thereof. All stockholders will have the ability to access the proxy materials through the website referred to in the Notice or to request a printed set of the proxy materials. Instructions on how to access the proxy materials over the internet or to request a printed set of the proxy materials may be found in the Notice.

We intend to mail the Notice on or about April 26, 2024 to all stockholders of record entitled to vote at the Annual Meeting.

**Will I receive any other proxy materials by mail?**

We may send you a proxy card, along with a second Notice, on or after April 26, 2024.

**How do I attend the Annual Meeting?**

You cannot attend the Annual Meeting physically. You can attend the Annual Meeting by visiting [www.virtualshareholdermeeting.com/TCRT2024](http://www.virtualshareholdermeeting.com/TCRT2024), where you will be able to listen to the Annual Meeting live, submit questions and vote online.

The Annual Meeting will start at 9:00 a.m. Eastern Time on June 6, 2024. We encourage you to access the Annual Meeting prior to the start time to allow time for online check-in. We have worked to offer the same participation opportunities as would be provided at an in-person meeting while further enhancing the online experience available to all stockholders regardless of their location. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies. If you experience technical difficulties during the Annual Meeting, you should call the technical support phone number provided when you log in to the Annual Meeting.

In order to enter the Annual Meeting virtually, you will need the unique 16-digit control number, which is included in the Notice or on your proxy card if you are a stockholder of record of the shares, or included with your voting instruction card and voting instructions received from your broker, bank, trustee, or nominee if you are the beneficial owner of the shares held in “street name.”

## [Table of Contents](#)

### **What if I cannot virtually attend the Annual Meeting?**

You may vote your shares electronically before the meeting by internet, by proxy or by telephone as described below. You do not need to access the Annual Meeting audio-only webcast to vote if you submitted your vote via proxy, by internet or by telephone in advance of the Annual Meeting.

### **Who can vote at the Annual Meeting?**

Only stockholders of record at the close of business on April 9, 2024 (the “Record Date”) will be entitled to vote at the Annual Meeting. On the Record Date, there were 16,012,479 shares of common stock outstanding and entitled to vote. A list of such holders will be open to the examination of any stockholder for any purpose germane to the Annual Meeting at Alaunos Therapeutics, Inc., 2617 Bissonnet, Suite 225, Houston, TX 77005 for a period of 10 days prior to the Annual Meeting. Please contact the Secretary of the Company to make arrangements to inspect the list.

*Stockholder of Record—Shares Registered in Your Name:* If on April 9, 2024, your shares were registered directly in your name with our transfer agent, Equiniti Trust Company (“EQ”), then you are a stockholder of record. As a stockholder of record, you may vote at the Annual Meeting virtually or vote by proxy prior to the Annual Meeting. Whether or not you plan to attend the Annual Meeting, we urge you to vote by proxy through the internet, by telephone or using a proxy card that you may request as instructed below, to ensure your vote is counted.

*Beneficial Owner—Shares Registered in the Name of a Broker or Bank:* If on April 9, 2024, your shares were not registered in your name, but instead are held in an account at a brokerage firm, bank, dealer or similar organization, then you are the beneficial owner of shares held in “street name” and the Notice is being forwarded to you by that organization. The organization holding your account is considered to be the stockholder of record for purposes of voting at the Annual Meeting. As a beneficial owner, you have the right to direct your broker, bank or other agent regarding how to vote the shares in your account. You are also invited to attend the Annual Meeting. Since you are not the stockholder of record, however, you may not vote your shares at the Annual Meeting even if you participate virtually unless you request and obtain a valid proxy from your broker, bank or other agent.

### **What am I voting on?**

There are six matters scheduled for a vote:

1. To elect each of the five nominees for director named in this proxy statement (the “proxy statement”) to hold office until the 2025 annual meeting of stockholders and until his or her successor is duly elected and qualified or, if sooner, until his or her earlier death, resignation or removal (“Proposal 1”);
2. To ratify the selection of RSM US LLP as the independent registered public accounting firm of the Company for its fiscal year ending December 31, 2024 by the audit committee (the “audit committee”) of the Board (“Proposal 2”);
3. To approve, on an advisory basis, the compensation of the Company’s named executive officers as disclosed in the proxy statement (“Proposal 3”);
4. To approve the amendment and restatement of the Company’s second amended and restated certificate of incorporation, as amended (our “Charter”), in substantially the form attached to the proxy statement as Annex A, to, at the discretion of the Board, effect a reverse stock split with respect to the Company’s issued and outstanding common stock, par value \$0.001 per share, including stock held by the Company as treasury shares, at a reverse stock split ratio of 1-for-5 to 1-for-15, inclusive (“Proposal 4” or the “Reverse Stock Split Proposal”);
5. To approve an amendment to the Company’s Charter, in substantially the form attached to the proxy statement as Annex B, to, at the discretion of the Board, increase the number of shares of common stock

- authorized for issuance thereunder from 34,666,667 shares to 50,000,000 shares (“Proposal 5” or the “Authorized Stock Increase Proposal”); and
6. To approve a proposal to adjourn the Annual Meeting to a later date, if necessary or appropriate, to permit further solicitation and vote of proxies in the event that there are insufficient votes for, or otherwise in connection with, the approval of Proposal 4 and Proposal 5 (“Proposal 6” or the “Adjournment Proposal”).

### **How does the Board recommend that I vote?**

Our Board unanimously recommends that you:

- Vote your shares “FOR” Proposal 1
- Vote your shares “FOR” Proposal 2
- Vote your shares “FOR” Proposal 3
- Vote your shares “FOR” Proposal 4
- Vote your shares “FOR” Proposal 5
- Vote your shares “FOR” Proposal 6

### **What if another matter is properly brought before the Annual Meeting?**

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on those matters in accordance with their best judgment.

### **How do I vote?**

With respect to Proposal 1, you may vote “For” all the nominees to the Board, or you may “Withhold” your vote for any of the nominees you specify. With respect to the other proposals, you may vote “For” or “Against,” or you may abstain from voting.

The procedures for voting are fairly simple:

*Stockholder of Record—Shares Registered in Your Name:* If you are a stockholder of record, you may vote electronically over the internet before or during Annual Meeting, vote by proxy over the telephone, vote by proxy through the internet, or vote by proxy using a proxy card that you may request or that we may elect to deliver at a later time. Whether or not you plan to attend the virtual Annual Meeting, we urge you to vote by proxy to ensure your vote is counted. You may still attend the Annual Meeting virtually and vote electronically at the Annual Meeting even if you have already voted by proxy. You may vote as follows:

- To vote through the internet before the Annual Meeting, go to [www.proxyvote.com](http://www.proxyvote.com) to complete an electronic proxy card. You will be asked to provide the 16-digit control number from the Notice. Your vote must be received by 11:59 p.m. Eastern Time, on June 5, 2024 to be counted.
- To vote your shares electronically at the Annual Meeting, you will need to visit [www.virtualshareholdermeeting.com/TCRT2024](http://www.virtualshareholdermeeting.com/TCRT2024) during the Annual Meeting while the polls are open and follow the instructions provided on the Notice or the proxy card. You will be asked to provide the control number from the notice and follow the instructions.
- To vote over the telephone from a location in the United States, dial toll-free 1-800-690-6903, using a touch-tone phone and follow the recorded instructions. You will be asked to provide the 16-digit control number from the Notice. Your vote must be received by 11:59 p.m. Eastern Time, on June 5, 2024 to be counted.

## Table of Contents

- To vote using a proxy card, you may request a proxy card by following the instructions in the Notice. Once you receive the proxy card, simply mark, sign, and date your proxy card and return it in the postage-paid envelope we have provided or return it to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY 11717. If you return your signed proxy card to us before the Annual Meeting, we will vote your shares as you direct.

*Beneficial Owner—Shares Registered in the Name of a Broker or Bank:* If you are a beneficial owner of shares registered in the name of your broker, bank or other agent, you should have received a Notice containing voting instructions from that organization rather than from us. Simply follow the voting instructions in the Notice to ensure that your vote is counted. To vote electronically at the Annual Meeting, you must obtain a valid proxy from your broker, bank or other agent. Follow the instructions from your broker, bank or other agent included with these proxy materials, or contact your broker, bank or other agent to request a proxy form. You can also visit [www.proxyvote.com](http://www.proxyvote.com), call 1-800-454-8683, or return the voting instruction form in the enclosed postage-paid envelope.

*We provide Internet proxy voting to allow you to vote your shares online, with procedures designed to ensure the authenticity and correctness of your proxy vote instructions. However, please be aware that you must bear any costs associated with your internet access, such as usage charges from internet access providers and telephone companies.*

### **How many votes do I have?**

On each matter to be voted upon, you have one vote for each share of our common stock you own as of the Record Date.

### **If I am a stockholder of record and I do not vote, or if I return a proxy card or otherwise vote without giving specific voting instructions, what happens?**

If you are a stockholder of record and do not vote by completing your proxy card, by telephone, through the internet or by voting electronically at the Annual Meeting, your shares will not be voted.

If you return a signed and dated proxy card or otherwise vote without marking voting selections, your shares will be voted, as applicable, “For” the election of all five nominees for director, “For” the ratification of the selection by the audit committee of RSM US LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2024, “For” the approval, on an advisory basis, of the compensation of our named executive officers as disclosed in this proxy statement, “For” the approval of the Reverse Stock Split Proposal, “For” the Authorized Stock Increase Proposal, and “For” the Adjournment Proposal. If any other matter is properly presented at the Annual Meeting, your proxyholder (one of the individuals named on your proxy card) will vote your shares using his or her best judgment.

### **If I am a beneficial owner of shares held in street name and I do not provide my broker or bank with voting instructions, what happens?**

If you are a beneficial owner of shares held in street name and you do not instruct your broker, bank or other agent how to vote your shares, your broker, bank or other agent may still be able to vote your shares in its discretion on certain “routine” proposals. Under the rules of the New York Stock Exchange (“NYSE”), brokers, banks and other securities intermediaries that are subject to NYSE rules may use their discretion to vote your “uninstructed” shares with respect to matters considered to be “routine” under NYSE rules, but not with respect to “non-routine” matters. Proposals 1 and 3 are considered to be “non-routine” under NYSE rules, meaning that your broker, bank or other agent may not vote your shares on those proposals in the absence of your voting instructions. However, Proposal 2, the Reverse Stock Split Proposal, the Authorized Stock Increase Proposal and the Adjournment Proposal are considered to be “routine” matters under NYSE rules, meaning that if you do not return voting instructions to your broker, bank or other agent by its deadline, your shares may be voted by your broker, bank or other agent in its discretion on Proposal 2, the Reverse Stock Split Proposal, the Authorized

## Table of Contents

Stock Increase Proposal and the Adjournment Proposal. Accordingly, if you own shares through a nominee, such as a broker, bank or other agent, please be sure to instruct your nominee how to vote to ensure that your vote is counted on all of the proposals.

***If you are a beneficial owner of shares held in street name, in order to ensure your shares are voted in the way you would prefer, you must provide voting instructions to your broker, bank or other agent by the deadline provided in the materials you receive from your broker, bank or other agent.***

### **What does it mean if I receive more than one Notice?**

If you receive more than one Notice, your shares may be registered in more than one name or in different accounts. Please follow the voting instructions on each Notice to ensure that all of your shares are voted.

### **Can I change my vote after submitting my proxy?**

*Stockholder of Record: Shares Registered in Your Name*

Yes. You can revoke your proxy at any time before the final vote at the Annual Meeting. If you are the record holder of your shares, you may revoke your proxy in any one of the following ways:

- You may submit another properly completed proxy card with a later date (which automatically revokes the earlier proxy).
- You may grant a subsequent proxy by telephone or through the internet.
- You may send a timely written notice that you are revoking your proxy to our Secretary at our principal executive offices at 2617 Bissonnet, Suite 225, Houston, TX 77005.
- You may attend the Annual Meeting virtually and vote electronically. Simply attending the Annual Meeting virtually will not, by itself, revoke your proxy.

***Even if you plan to attend the Annual Meeting virtually, we recommend that you also submit your proxy or voting instructions or vote by telephone or through the Internet so that your vote will be counted if you later decide not to attend the Annual Meeting.***

Your most current proxy card, telephone proxy or internet proxy is the one that is counted.

*Beneficial Owner: Shares Registered in the Name of Broker, Bank or Other Agent*

If your shares are held by your broker, bank or other agent as a nominee, you should follow the instructions provided by such broker, bank or other agent.

### **How are votes counted?**

Votes will be counted by the inspector of election appointed for the Annual Meeting, who will separately count, for the proposal to elect directors (Proposal 1), votes “For,” “Withhold,” for all except and broker non-votes; and with respect to all other proposals, votes “For” and “Against,” abstentions and, if applicable, broker non-votes. Abstentions will have the same effect as “Against” votes on Proposal 2, Proposal 3, the Authorized Stock Increase Proposal and the Adjournment Proposal, and will have no effect on Proposal 1, Proposal 4 or Proposal 5. Broker non-votes on Proposals 1 and 3 will have no effect and will not be counted towards the vote total for either of those proposals.

### **What are “broker non-votes”?**

As discussed above, when a beneficial owner of shares held in street name does not give voting instructions to his or her broker, bank or other agent holding his or her shares as to how to vote on matters deemed to be

## [Table of Contents](#)

“non-routine,” under the NYSE rules, the broker, bank or agent cannot vote the shares. These un-voted shares are counted as “broker non-votes.” Proposals 1 and 3 are considered to be “non-routine” under the NYSE rules and therefore we expect broker non-votes to exist in connection with those proposals. Broker non-votes will have no effect on those proposals.

*As a reminder, if you are a beneficial owner of shares held in street name, in order to ensure your shares are voted in the way you would prefer, you must provide voting instructions to your broker, bank or other agent by the deadline provided in the materials you receive from your broker, bank or other agent.*

### **How many votes are needed to approve each proposal?**

The following table summarizes the minimum vote needed to approve each proposal and the effect of abstentions and broker non-votes.

<b>Proposal No.</b>	<b>Proposal Description</b>	<b>Vote Required for Approval</b>	<b>Effect of Abstentions</b>	<b>Effect of Broker Non-Votes</b>
1	Election of directors	Directors will be elected by a plurality of the votes cast by the holders of shares present or represented by proxy and entitled to vote on the election of directors. The five nominees receiving the most “For” votes will be elected as directors.	No effect	No effect
2	Ratification of the selection of RSM US LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024	“For” votes from the holders of a majority of shares present in person or represented by proxy and entitled to vote on the matter.	Against	Not Applicable (1)
3	Approval, on an advisory basis, of the compensation of our named executive officers	“For” votes from the holders of a majority of shares present in person or represented by proxy and entitled to vote on the matter.	Against	No effect
4	Reverse Stock Split	The votes cast “For” the amendment exceed the votes cast against the amendment.	No effect	Not Applicable (1)
5	Authorized Stock Increase	The votes cast “For” the amendment exceed the votes cast against the amendment.	No effect	Not Applicable (1)
6	Adjournment	“For” votes from the holders of a majority of the shares present in person or represented by proxy.	Against	Not Applicable (1)

- (1) Under NYSE rules, this proposal is considered to be a “routine” matter. Accordingly, if you hold your shares in street name and do not provide voting instructions to your broker, bank or agent that holds your shares, your broker, bank or other such agent has discretionary authority to vote your shares on this proposal. Any failure by a broker, bank or other agent to vote a share over which it exercises discretion will have the same effect as a vote against the proposal.

**What is the quorum requirement?**

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if stockholders holding at least a majority in voting power of the outstanding shares entitled to vote are deemed present at the Annual Meeting in person or represented by proxy. On the Record Date, there were 16,012,479 shares outstanding and entitled to vote. Thus, the holders of 8,006,240 shares must be deemed present in person or represented by proxy at the Annual Meeting to have a quorum.

Your shares will be counted towards the quorum only if you submit a valid proxy (or one is submitted on your behalf by your broker, bank or agent) or if you vote electronically at the Annual Meeting. Abstentions and broker non-votes will be counted towards the quorum requirement. If there is no quorum, the holders of a majority of shares deemed present at the Annual Meeting in person or represented by proxy may adjourn the Annual Meeting to another date.

**Who will serve as inspector of elections?**

A representative of Broadridge Financial Solutions (“Broadridge”) will serve as inspector of elections and Broadridge will tabulate votes.

**How can I find out the results of the voting at the Annual Meeting?**

Preliminary voting results will be announced at the Annual Meeting. In addition, final voting results will be published in a current report on Form 8-K that we expect to file within four business days after the Annual Meeting. If final voting results are not available to us in time to file a Form 8-K within four business days after the Annual Meeting, we intend to file a Form 8-K to publish preliminary results and, within four business days after the final results are known to us, file an additional Form 8-K to publish the final results.

## PROPOSALS

### Proposal 1

#### Election of Directors

Our Board presently has five directors: Robert J. Hofmeister, Ph.D., Dale Curtis Hogue, Jr.; Robert W. Postma; Jaime Vieser; and Holger Weis. Each of Dr. Hofmeister Mr. Postma, Mr. Vieser and Mr. Weis was previously elected by the stockholders. Mr. Hogue was appointed as a member of our Board effective December 29, 2023 in connection with the termination of Mr. Kevin Boyle, Sr. and resignation of Ms. Mary Thistle.

On March 28, 2024, our Board nominated all of our existing directors for election at the Annual Meeting. If elected, each of our proposed nominees has consented to serve as one of our directors, to hold office until our next annual meeting of stockholders and until his successor has been duly elected and qualified, or, if sooner, until his earlier death, resignation or removal. Proxies cannot be voted for a greater number of persons than the number of nominees named in the proxy statement. If any director nominee should withdraw or otherwise become unavailable to serve, the proxies which would have otherwise been voted for that director nominee may be voted for a substitute director nominee selected by our Board. We are not aware of any reason that a nominee will be unable or unwilling to serve as a director.

The following table sets forth each nominee to be elected at the Annual Meeting, the year each nominee was first elected as a director, the position(s) currently held by each nominee with us and the year each nominee's term will expire, if such nominee is elected at the Annual Meeting.

Name of Nominee	Position(s) with the Company	Year First Became a Director	Year Proposed Term Will Expire
Robert J. Hofmeister	Director	2023	2025
Dale Curtis Hogue, Jr.	Interim Chief Executive Officer and Director	2023	2025
Robert W. Postma	Director	2021	2025
Jaime Vieser	Director	2020	2025
Holger Weis	Director - Chair	2020	2025

Under our director resignation policy, any nominee in an uncontested election who does not receive a majority of the votes cast (i.e. receives a greater number of votes "withheld" from his or her election than votes "for" in such election) shall submit his or her offer of resignation for consideration by the corporate governance and nominating committee of the Board (the "corporate governance and nominating committee"). The corporate governance and nominating committee shall consider all of the relevant facts and circumstances and recommend to the Board the action to be taken with respect to such offer of resignation, and the Board will then act on such recommendation.

Our corporate governance and nominating committee seeks to assemble a Board that, as a whole, possesses the appropriate balance of professional and industry knowledge, financial expertise and management experience necessary to oversee and direct our business. The corporate governance and nominating committee maintains a goal of recruiting members who complement and strengthen the skills of other members and who also exhibit integrity, collegiality, sound business judgment and other qualities that the corporate governance and nominating committee views as critical to effective functioning of the Board.

None of the director nominees are related by blood, marriage or adoption to any of our other director nominees or executive officers. Certain of our directors were previously selected or nominated for election as a director, pursuant to a settlement agreement, dated February 4, 2021 (the "WaterMill Settlement Agreement"), with WaterMill Asset Management Corp. and Robert W. Postma (collectively, the "WaterMill Parties"). The WaterMill Settlement Agreement is no longer in effect and none of the directors originally nominated pursuant to its terms were nominated pursuant to the agreement for this meeting. Pursuant to the WaterMill Settlement

Agreement, we increased the size of our Board from eight to nine directors (and which has subsequently been reduced to seven as directors have left the Board) and appointed Mr. Postma to fill the newly created directorship. Under the WaterMill Settlement Agreement, we agreed that until the earlier of (i) January 1, 2022 and (ii) thirty (30) calendar days prior to the nomination deadline for our 2022 annual meeting of stockholders, we would nominate each of Messrs. Postma, Vieser and Weis for election at any stockholder meeting at which directors are to be elected and would recommend, support and solicit proxies for the election of each of Messrs. Postma, Vieser and Weis.

Mr. Hogue, our Interim Chief Executive Officer and a director, was appointed as a non-employee director in December 2023, prior to his appointment as interim Chief Executive Officer in January 2024.

### **Vote Required**

Directors are elected by a plurality of the votes of the holders of shares deemed present in person or represented by proxy and entitled to vote on the election of directors. Accordingly, if a quorum is present, the five nominees receiving the highest number of “FOR” votes will be elected. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the five nominees named above.

***The Board recommends that you vote “FOR” the election of each named nominee.***

## Proposal 2

### Ratification of Selection of Independent Registered Public Accounting Firm

The audit committee of the Board has selected RSM US LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2024. RSM US LLP has audited our financial statements since 2010. A representative of RSM US LLP is expected to virtually attend the Annual Meeting. He or she will have an opportunity to make a statement if he or she so desires and will be available to respond to appropriate questions from stockholders.

We are not required by statute or our bylaws or other governing documents to obtain stockholder ratification of the appointment of RSM US LLP as our independent registered public accounting firm. The audit committee has submitted the selection of RSM US LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders do not ratify the appointment, the audit committee may reconsider its selection. Notwithstanding the proposed ratification of the selection of RSM US LLP by the stockholders, the audit committee, in its discretion, may direct the appointment of a new independent registered public accounting firm at any time during the year without notice to, or the consent of, the stockholders, if the audit committee determines that such a change would be in our best interest and the best interest of our stockholders.

#### Principal Accountant Fees and Services

The following table presents the aggregate fees billed by RSM US LLP for the years ended December 31, 2023 and 2022.

Fee Category	2023	2022
Audit Fees (1)	\$308,304	\$543,274
Audit-Related Fees	—	—
Tax Fees	—	—
All Other Fees	—	—
Total Fees	\$308,304	\$543,274

- (1) Represents fees billed for professional services provided to us in connection with the annual audit of our financial statements and the review of our quarterly condensed financial statements, as well as audit services that are normally provided by an independent registered public accounting firm in connection with statutory and regulatory filings or engagements for those fiscal years, such as statutory audits, administrative fees and out-of-pocket costs. For 2023, there were no fees associated with registration statements, comfort letters and consents, and for 2022, fees of \$224,175 are associated with registration statements, comfort letters and consents.

Other than as discussed above, we did not incur any fees of RSM US LLP for audit-related, tax or other services in 2023 or 2022.

All fees described above were pre-approved by the audit committee.

#### Pre-Approval Policy and Procedures

The audit committee has adopted a policy and procedures for the pre-approval of audit and non-audit services rendered by our independent registered public accounting firm, RSM US LLP. The policy generally authorizes pre-approval by the audit committee of specified services in the defined categories of audit services, audit-related services and tax services up to specified amounts. Pre-approval may also be given as part of the audit committee's approval of the scope of the engagement of the independent registered public accounting firm or on an individual, explicit, case-by-case basis before the independent registered public accounting firm is engaged to provide each service. The pre-approval of services may be delegated to one or more of the audit committee's members, but the decision must be reported to the full audit committee at its next scheduled meeting.

**Vote Required**

The affirmative vote of the holders of a majority of the shares deemed present in person or represented by proxy and entitled to vote thereon at the annual meeting will be required to ratify the selection of RSM US LLP. Abstentions will be counted toward the vote total for Proposal 2 and will have the same effect as “AGAINST” votes.

*The Board recommends that you vote “FOR” the ratification of the selection of RSM US LLP as our independent registered public accounting firm for our fiscal year ending December 31, 2024.*

**Proposal 3**  
**Advisory Vote on Executive Compensation**

Under the Dodd-Frank Wall Street Reform and Consumer Protection Act and Section 14A of the Securities Exchange Act of 1934, as amended (the “Exchange Act”), our stockholders are entitled to vote to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement in accordance with the SEC’s rules. At the 2023 annual meeting of stockholders, our stockholders indicated their preference that we solicit a non-binding advisory vote on the compensation of the named executive officers, commonly referred to as a “say-on-pay vote,” every year. The Board has adopted a policy that is consistent with that preference indicated by our stockholders. Accordingly, this year we are again asking the stockholders to approve, on an advisory basis, the compensation of our named executive officers as disclosed in this proxy statement.

This vote is not intended to address any specific item of compensation, but rather the overall compensation of our named executive officers and the philosophy, policies and practices described in this proxy statement. The compensation of our named executive officers is disclosed in the section titled “*Executive Compensation*” below, including the tabular and narrative disclosures set forth in such section under the same heading. We believe that our compensation policies and decisions are focused on pay-for-performance principles and strongly aligned with our stockholders’ interests. Compensation of our named executive officers is designed to enable us to attract and retain talented and experienced executives, whose knowledge, skills and performance are critical to our success, and motivate these executive officers to achieve our business objectives and to lead us in a competitive environment.

We are asking our stockholders to indicate their support for the compensation of our named executive officers as described in this proxy statement by casting a non-binding advisory vote “FOR” the following resolution:

**“RESOLVED, that the stockholders hereby approve the compensation of the “named executive officers” of Alaunos Therapeutics, Inc., as disclosed in the section titled “Executive Compensation” in the proxy statement for the Alaunos Therapeutics, Inc. 2024 Annual Meeting of stockholders pursuant to the compensation disclosure rules of the SEC, including the compensation tables and narrative discussion.”**

**Vote Required**

The affirmative vote of the holders of a majority of the shares deemed present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to approve, on an advisory basis, the compensation of our named executive officers as described herein. Because the vote is advisory, it will not be binding on us, the Board or the Board’s compensation committee (the “compensation committee”). Nevertheless, the views expressed by our stockholders, whether through this vote or otherwise, are important to us and, accordingly, the Board and our compensation committee intend to consider the results of this vote in making determinations in the future regarding executive compensation arrangements. Abstentions will be counted toward the vote total for Proposal 3 and will have the same effect as “AGAINST” votes.

*The Board recommends that you vote “FOR” the proposal to approve the compensation of our named executive officers, as described in this proxy statement.*

## Proposal 4

### Approval of the Third Amended and Restated Certificate of Incorporation to Effect a Reverse Stock Split of Common Stock

#### Overview

On March 28, 2024, our Board unanimously approved and recommended that our stockholders approve the amendment and restatement of our Charter to, at the discretion of the Board, effect a reverse stock split with respect to the Company's issued and outstanding common stock, par value \$0.001 per share, including stock held by the Company as treasury shares, at any reverse stock split ratio within a range of 1-for-5 to 1-for-15, inclusive, and a proportionate decrease in the number of our total authorized capital stock and common stock, as further described below. As further described below, we are seeking approval of this Reverse Stock Split Proposal primarily to provide our Board with the authority to effect a reverse stock split only if needed to maintain our listing on the Nasdaq Capital Market ("Nasdaq"). Our Board has accordingly determined that it is advisable and in the best interest of the Company and its stockholders for this Reverse Stock Split Proposal to be approved so that the Board has the necessary flexibility if, as we remain subject to continued monitoring by the appellate board of Nasdaq following our successful compliance with the Minimum Price Standard in February 2024 for 12 months from the date of notification of compliance or February 16, 2025 (the "Compliance Period"), we again fall below the Minimum Price Standard during the Compliance Period, and the Board makes the determination that a reverse stock split provides us the best chance to regain compliance and avoid delisting.

A reverse stock split, if implemented, would be at any ratio approved by our stockholders in this proposal within the range described above and would apply equally to all outstanding shares of our common stock. Accordingly, each stockholder would hold the same percentage of common stock outstanding immediately following a reverse stock split as that stockholder held immediately prior to a reverse stock split, except for adjustments that may result from the treatment of fractional shares as described below. In addition, a reverse stock split would result in a proportionate reduction in the number of shares of common stock authorized under the Charter.

Approval of this proposal would permit, but not require, our Board to effect a reverse stock split by any ratio between 1-for-5 to 1-for-15, inclusive, with the exact ratio to be selected at a whole number within this range as determined by our Board in its sole discretion, provided that any reverse stock split is implemented within one year after the conclusion of the Annual Meeting. As described in more detail below, we are currently in compliance with the Minimum Price Standard.

Upon receiving stockholder approval of a reverse stock split, the Board will have the authority, but not the obligation, to elect, in its sole discretion, without further action on the part of our stockholders and as it determines to be in our and our stockholders' best interests, to effect a reverse stock split and, if so, to select the reverse stock split ratio from within the approved range of ratios described above, each ratio within such range having been approved by our stockholders. We believe that enabling our Board to select the ratio from within the stated range will provide us with the flexibility to implement a reverse stock split in a manner designed to maximize the anticipated benefits for our stockholders. In determining the ratio following the receipt of stockholder approval, our Board may consider, among other factors, the following:

- the historical trading price and trading volume of our common stock;
- the number of outstanding shares of our common stock;
- the then-prevailing trading price and trading volume of our common stock and the anticipated impact of a reverse stock split on the trading market for our common stock;
- the continued listing requirements of Nasdaq, including the requirement that, subject to limited exceptions, listed companies maintain a minimum bid price of at least \$1.00;
- the number of authorized but unissued shares of our common stock that would result from a reverse stock split, and potential uses of those additional authorized but unissued shares;

## Table of Contents

- the anticipated impact of a particular ratio on our ability to reduce administrative and transactional costs; and
- prevailing general market and economic conditions.

If this Reverse Stock Split Proposal is approved by the stockholders and the Board determines to implement a reverse stock split, we will file an amended and restated Charter (the “Third Amended and Restated Charter”), with the Delaware Secretary of State. The material changes in the proposed Third Amended and Restated Charter are described in this proposal. This description is qualified in its entirety by reference to the complete text of the Third Amended and Restated Charter, which is attached as Annex A to this proxy statement and incorporated into this proposal by reference. You are strongly encouraged to read the actual text of the Third Amended and Restated Charter. The proposed Third Amended and Restated Charter is subject to revision for such changes as may be required by the Delaware General Corporation Law and any other changes consistent with this proposal that we may deem necessary or appropriate.

If this Reverse Stock Split Proposal is approved by the stockholders and a reverse stock split is implemented by our Board, no less than 5 and no more than 15 shares of existing common stock, as determined by our Board, will be combined into one share of common stock. Holders will receive, in lieu of any fractional share, an amount in cash (without interest) equal to such fraction multiplied by the closing sales price of our common stock as reported on Nasdaq on the trading day immediately preceding the effective date of the Third Amended and Restated Charter. The Third Amended and Restated Charter, if adopted, will include only the reverse stock split ratio determined by our Board to be in the best interest of the Company and its stockholders and all of the other ratios approved by our stockholders within the proposed range will be abandoned.

If this Reverse Stock Split Proposal is approved and the Board elects to implement a reverse stock split, the number of outstanding shares of our common stock would be reduced in proportion to the ratio of the reverse stock split chosen by our Board. If a reverse stock split is implemented, the number of authorized shares of our common stock would decrease by the same proportion as the number of shares of common stock that are outstanding at the time of the reverse stock split.

Our Board reserves the right to elect not to effect a reverse stock split, including any or all reverse stock split ratios within the proposed range, if it determines, in its sole discretion, that implementing a reverse stock split is not in the best interest of the Company and its stockholders. If our Board does not implement a reverse stock split on or prior to the one year anniversary of the conclusion of the Annual Meeting, stockholder approval would again be required prior to implementing any future reverse stock split.

### **Background and Reasons for a Reverse Stock Split**

As further described below, we and our Board are seeking approval for the Reverse Stock Split Proposal primarily to provide our Board with authority to effect a reverse stock split if needed to maintain our listing on Nasdaq. However, we cannot provide assurance that a reverse stock split would achieve its intended or desired benefits, and we strongly encourage you to review the discussion below in the section titled “*Risks and Potential Disadvantages Associated with a Reverse Stock Split.*”

#### *Nasdaq Minimum Price Standard & Low Priced Stocks Rule*

Nasdaq Listing Rule 5450(a)(1) requires that companies listed on the Nasdaq maintain a minimum closing bid price of at least \$1.00 per share (the “Minimum Price Standard”). Companies are considered out of compliance with the Minimum Price Standard if the Nasdaq closing bid price is below \$1.00 per share for 30 consecutive business days. Under Nasdaq Listing Rule 5810(c)(3)(A), once out of compliance with the Minimum Price Standard, a company has 180 calendar days to regain compliance by meeting the Minimum Price Standard. On November 8, 2023, we were notified that our shares had traded below \$0.10 for ten consecutive days in violation

## Table of Contents

of Nasdaq Listing Rule 5810(c)(3)(A)(iii) or the “Low Priced Stocks Rule.” We appealed this determination pursuant to the instructions provided by Nasdaq to the Hearings Panel or the “Panel.” On February 16, 2024, we were notified by the Panel that, following a 15 to 1 reverse stock split, our shares had traded above \$1.00 for 10 consecutive days and we were now in compliance. However, we are also advised that in application of Listing Rule 5815(d)(4)(B), we are subject to a Mandatory Panel Monitor for a period of one year from February 16, 2024 or the Compliance Period. If, within that one-year monitoring period, we are determined to again be out of compliance with the Minimum Price Standard, we cannot provide Nasdaq with a plan of compliance with respect to that deficiency nor will Nasdaq be able to grant additional time for us to regain compliance with respect to that deficiency. We will also not be afforded an applicable cure or compliance period pursuant to Rule 5810(c)(3). Instead, as with the Low Priced Stocks Rule, we will immediately be delisted but will again have an opportunity to request a new hearing with the initial Panel or a newly convened Hearings Panel if the initial Panel is unavailable. We will be able to respond/present to the Hearings Panel as provided by Listing Rule 5815(d)(4)(C). At this time, the Board would likely want to undergo a reverse stock split in order to ensure that our shares trade at a compliant price to prevent delisting. The Minimum Price Standard will be met if our common stock has a minimum closing bid price of at least \$1.00 per share for a minimum of 10 consecutive business days within the time frame allowed by the Panel to gain compliance.

As of the date of this proxy statement, we are in compliance with the Minimum Price Standard. The equity markets have experienced and continue to experience substantial volatility due to, among other factors, the wars in Ukraine and Israel, dramatic interest rate increases, and high levels of inflation. On April 9, 2024, the reported closing price of our common stock was \$1.73 per share. Accordingly, there is a significant risk that we may fall below the Minimum Price Standard during the Compliance Period.

The primary purpose of a reverse stock split would be to achieve an increase in the per share market price of our common stock as necessary to meet the Minimum Price Standard. A delisting of our common stock would materially and adversely affect a stockholder’s ability to dispose of, or to obtain accurate quotations as to the market value of, our common stock. Furthermore, any delisting may cause our common stock to be subject to “penny stock” regulations promulgated by the SEC. Under such regulations, broker-dealers are required to, among other things, comply with disclosure and special suitability determinations prior to the sale of shares of common stock. If our common stock becomes subject to these regulations, the market price of our common stock and the liquidity thereof would be materially and adversely affected. Absent other factors, we believe that reducing the number of outstanding shares of our common stock is a potentially effective means to increase the per share market price of our common stock.

If our shares of common stock are delisted from Nasdaq, we believe that our shares of common stock would likely be eligible to be quoted over-the-counter on an inter-dealer electronic quotation and trading system operated by OTC Markets Group. These markets are generally considered not to be as efficient as, and not as broad as, Nasdaq. Selling our shares of common stock on these markets could be more difficult because smaller quantities of shares would likely be bought and sold, and transactions could be delayed. In addition, in the event our shares of common stock are delisted, broker-dealers would have certain regulatory burdens imposed upon them with respect to our common stock, which may discourage broker-dealers from effecting transactions in our common stock, further limiting the liquidity of our common stock. These factors could result in lower prices and larger spreads in the bid and ask prices for our common stock.

A delisting from Nasdaq and continued or further declines in our share price could also greatly impair our ability to raise additional necessary capital through equity or debt financing, or to use our shares for business development or other corporate initiatives, and could significantly increase the ownership dilution to stockholders caused by our issuing equity in financing or other transactions. Without the ability to raise additional capital, our ability to carry on our business and advance the development of our product candidates would be significantly impaired.

Our Board believes that the proposed reverse stock split would be a potentially effective means for us to obtain and/or maintain compliance with the Minimum Price Standard and to avoid, or at least defer, the consequences of

our common stock being delisted from Nasdaq by producing the immediate effect of increasing the bid price of our common stock. **Our Board currently intends to effect a reverse stock split only if, in its sole discretion, it deems it to be a necessary step to gain compliance with the Minimum Price Standard, if needed during the Compliance Period.**

#### *General Investment Considerations*

Additionally, we believe that a reverse stock split could make our common stock more attractive to a broader range of institutional and other investors, as we have been advised that the current market price of our common stock may affect its acceptability to certain institutional investors and other members of the investing public. In particular, many brokerage houses and institutional investors have internal policies and practices that may prohibit them from investing in low-priced stocks or discourage individual brokers from recommending low-priced stocks to their customers. Moreover, because brokers' commissions on low-priced stocks generally represent a relatively high percentage of the stock price, transaction costs would represent a higher percentage of total share value, which could result in decreased trading volume and increased volatility in the trading price of our common stock. We believe that a reverse stock split could make our common stock a more attractive and cost-effective investment for many investors, which could enhance the liquidity of our common stock.

#### **Risks and Potential Disadvantages Associated with a Reverse Stock Split**

Our Board believes that a reverse stock split is a potentially effective means to increase the per share market price of our common stock and thus enable us to regain compliance with the Minimum Price Standard, if we fail below the Minimum Price Standard during the Compliance Period. However, there are a number of risks and potential disadvantages associated with a reverse stock split, including the following:

- The Board cannot predict the effect of a reverse stock split upon the market price for shares of our common stock, and the success of similar reverse stock splits for companies in like circumstances has varied. Some investors may have a negative view of a reverse stock split. Recently, the market price of our common stock has declined substantially, and the equity markets have experienced and continue to experience substantial volatility due to, among other factors, the wars in Ukraine and Israel, dramatic interest rate increases, and high levels of inflation. The principal purpose of a reverse stock split would be to increase the trading price of our common stock to meet the Minimum Price Standard. However, the effect of a reverse stock split on the market price of our common stock cannot be predicted with any certainty, and we cannot assure you that a reverse stock split will accomplish this objective for any meaningful period of time, or at all. Even if a reverse stock split has a positive effect on the market price for shares of our common stock, performance of our business and financial results, general economic conditions and the market perception of our business, and other adverse factors which may not be in our control could lead to a decrease in the price of our common stock following a reverse stock split.
- Although the Board believes that a higher stock price may help generate the interest of new investors, the reverse stock split may not result in a per-share price that will successfully attract certain types of investors and such resulting share price may not satisfy the investing guidelines of institutional investors or investment funds. Further, other factors, such as our financial results, market conditions and the market perception of our business, may adversely affect the interest of new investors in the shares of our common stock. As a result, the trading liquidity of the shares of our common stock may not improve as a result of a reverse stock split and there can be no assurance that a reverse stock split, if completed, will result in the intended benefits described above.
- Even if a reverse stock split does result in an increased market price per share of our common stock, the market price per share following a reverse stock split may not increase in proportion to the reduction of the number of shares of our common stock outstanding before the implementation of a reverse stock split. Accordingly, even with an increased market price per share, the total market capitalization of shares of our common stock after a reverse stock split could be lower than the total market capitalization before a reverse stock split. Also, even if there is an initial increase in the market price per share of our common stock after a

## Table of Contents

reverse stock split, the market price may not remain at that level due to factors described in this proposal or other factors, including the risks described in our Annual Report on Form 10-K for the year ended December 31, 2023, as updated in reports we subsequently file with the SEC.

- If a reverse stock split is implemented and the market price of shares of our common stock then declines, the percentage decline may be greater than would occur in the absence of a reverse stock split due to decreased liquidity in the market for our common stock. If the market price of shares of our common stock declines after a reverse stock split, the percentage decline as an absolute number and as a percentage of our overall market capitalization may be greater than would occur in the absence of a reverse stock split. Accordingly, the total market capitalization of our common stock following a reverse stock split could be lower than the total market capitalization before a reverse stock split.

### **Procedures for and Effects of Implementing a Reverse Stock Split**

#### *Procedures*

A reverse stock split would become effective upon the filing of the Third Amended and Restated Charter with the Secretary of State of the State of Delaware. The exact timing of the filing of the Third Amended and Restated Charter, if it is filed, would be determined by our Board based on its evaluation as to when such action would be in the best interest of the Company and its stockholders. In addition, our Board reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with a reverse stock split if, at any time prior to filing the Third Amended and Restated Charter, our Board determines in its sole discretion that it is not in our best interest and the best interest of our stockholders to proceed with a reverse stock split. If the Third Amended and Restated Charter has not been filed with the Secretary of State of the State of Delaware on or prior to the one year anniversary of the conclusion of the Annual Meeting, our Board will abandon the reverse stock split or seek stockholder reauthorization of a reverse stock split. Following are descriptions of how a reverse stock split would be implemented for beneficial holders, registered book entry holders, and certificated holders.

*Beneficial Holders.* Upon the implementation of a reverse stock split, we intend to treat shares held by stockholders through a broker, bank or other agent in the same manner as registered stockholders whose shares are registered in their names. Brokers, banks and other agents would be instructed to effect a reverse stock split for their beneficial holders holding our common stock in street name. However, these brokers, banks and other agents may have different procedures than registered stockholders for processing a reverse stock split. Stockholders who hold shares of our common stock with a broker, bank or other agent and who have any questions in this regard are strongly encouraged to contact their brokers, banks or other agents for more information.

*Registered "Book Entry" Holders.* Certain of our registered holders of common stock may hold some or all of their shares electronically in book-entry form with EQ. These stockholders do not have stock certificates evidencing their ownership of the common stock. They are, however, provided with a statement reflecting the number of shares registered in their accounts. If a reverse stock split is implemented, stockholders who hold shares electronically in book-entry form with EQ would not need to take action (the exchange will be automatic) to receive whole shares of post-reverse split common stock.

*Certificated Holders.* If a reverse stock split is implemented, stockholders holding shares of our common stock in certificated form would be sent a letter of transmittal by EQ following the reverse stock split. The letter of transmittal would contain instructions on how a stockholder should surrender their certificate(s) representing shares of our common stock (the "Old Certificates") to EQ in exchange for certificates representing the appropriate number of whole shares of post-reverse split common stock (the "New Certificates"). No New Certificates would be issued to a stockholder until such stockholder delivered all Old Certificates, together with a properly completed and executed letter of transmittal, to EQ. No stockholder would be required to pay a transfer or other fee to exchange their Old Certificates. Stockholders would then receive one or more New Certificate(s)

## [Table of Contents](#)

representing the number of whole shares of common stock they are entitled to as a result of a reverse stock split, subject to the treatment of fractional shares described below. Until surrendered, we would deem outstanding Old Certificates held by stockholders to be cancelled and only to represent the number of whole shares of post-reverse split common stock to which these stockholders are entitled and the right to receive cash in lieu of any fractional shares as described below. Any Old Certificates submitted for exchange, whether because of a sale, transfer or other disposition of stock, would automatically be exchanged for New Certificates. If an Old Certificate has a restrictive legend on it, the New Certificate would be issued with the same restrictive legends that are on the Old Certificate.

If a reverse stock split is implemented, we expect that EQ would act as the exchange agent for purposes of implementing the exchange of stock certificates. No service charges would be payable by holders of shares of common stock in connection with the exchange of certificates. We would bear all of such expenses.

**STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATES.**

**STOCKHOLDERS SHOULD NOT SUBMIT STOCK CERTIFICATES FOR EXCHANGE UNLESS AND UNTIL REQUESTED TO DO SO, AND THEN STOCK CERTIFICATES SHOULD BE SUBMITTED ONLY IN THE MANNER INSTRUCTED.**

**STOCK CERTIFICATES SHOULD NOT BE SUBMITTED DIRECTLY TO THE COMPANY.**

### *Outstanding Shares of Common Stock*

Depending on the ratio for a reverse stock split determined by our Board, a minimum of 5 and a maximum of 15 shares of existing common stock would be combined into one new share of common stock. Based on 16,012,479 shares of common stock issued and outstanding as of the Record Date, immediately following a reverse stock split we would have approximately 3,202,496 shares of common stock issued and outstanding (without giving effect to the treatment of fractional shares) if the ratio for a reverse stock split is 1-for-5, and 1,067,499 shares of common stock issued and outstanding (without giving effect to the treatment of fractional shares) if the ratio for a reverse stock split is 1-for-15. Any other ratio selected within such range would result in a number of shares of common stock issued and outstanding following the reverse stock split between approximately 2,668,747 and 1,143,749 shares.

The actual number of shares issued after giving effect to a reverse stock split, if implemented, would depend on the reverse stock split ratio that is ultimately selected by our Board. A reverse stock split would affect all holders of our common stock uniformly and would not affect any stockholder's percentage ownership interest in the Company, except that, as described below in the section titled "*Fractional Shares*," stockholders of record otherwise entitled to a fractional share, as a result of a reverse stock split, would instead receive an amount in cash. In addition, a reverse stock split would not affect any stockholder's proportionate voting power, except for adjustments that may result from the treatment of fractional shares as described below. A reverse stock split may result in some stockholders owning "odd lots" of less than 100 shares of common stock. Odd lot shares may be more difficult to sell, and brokerage commissions and other costs of transactions in odd lots are generally somewhat higher than the costs of transactions in "round lots" of even multiples of 100 shares.

### *Authorized Shares of Common Stock*

A reverse stock split would result in a proportionate reduction in the number of authorized shares of our common stock under the Charter at the time a reverse stock split is effected. A reverse stock split would not have any effect on the number of authorized shares of preferred stock, which would remain at 30,000,000 shares of preferred stock, par value \$0.001.

For clarity, if the Authorized Stock Increase Proposal described below is approved by our stockholders and implemented by our Board, in its discretion, through the filing of a certificate of amendment to our Charter prior

## Table of Contents

to the implementation of the reverse stock split, the reverse stock split would have the effect of reducing the increased number of authorized shares.

Following the effective time of a reverse stock split, any authorized shares of our common stock, if and when issued, would be part of our existing class of our common stock and would have the same rights and privileges as the shares of our common stock currently outstanding. Our stockholders do not, as such, have preemptive rights or preferential rights to purchase additional shares of our common stock that we may issue.

### *Fractional Shares*

We would not issue fractional shares in connection with a reverse stock split. Therefore, we would not issue certificates representing fractional shares resulting from the reverse stock split because the stockholder owns a number of shares of our common stock not evenly divisible by the ratio. Stockholders would receive, in lieu of any fractional share, an amount in cash (without interest) equal to such fraction multiplied by the closing sales price of our common stock as reported on Nasdaq on the trading day immediately preceding the effective date of the Third Amended and Restated Charter. The ownership of a fractional share interest following a reverse stock split would not give the holder any voting, dividend or other rights, except to receive payment as described above.

If our Board elects to implement the proposed reverse stock split, stockholders owning, prior to the reverse stock split, less than the number of whole shares of common stock that will be combined into one share of common stock in the reverse stock split would no longer be stockholders. The exact number by which the number of holders of our common stock would be reduced will depend on the specific reverse stock split ratio adopted by the Board and the number of stockholders that hold less than that ratio as of the effective date of the reverse stock split. As of the Record Date, there were approximately 282 holders of record of our common stock, of which 61 held fewer than 15 shares of common stock.

### *Effects on Equity Compensation Plans and Awards, Convertible Securities and Warrants*

If a reverse stock split is implemented, proportionate adjustments would generally be required to be made with regard to:

- the per share exercise price of, and the number of shares issuable upon exercise of, outstanding stock options issued under our equity compensation plans;
- the number of shares deliverable upon vesting and settlement of outstanding restricted stock and restricted stock unit awards;
- the number of shares reserved for issuance under our equity compensation plans;
- the per share conversion price, and the number of shares issuable upon conversion of, outstanding convertible securities entitling the holders to purchase or convert into, or otherwise acquire shares of our common stock; and
- the strike price and the number of shares issuable upon exercise of warrants entitling the holders to receive shares of our common stock.

In the case of options, convertible securities or other rights to acquire shares of our common stock, these adjustments would result in approximately the same aggregate price required under such options, convertible securities or other rights upon exercise, conversion, or settlement, and approximately the same value of shares of common stock being delivered upon such exercise, conversion, or settlement, immediately following a reverse stock split as was the case immediately preceding such reverse stock split.

In the case of our outstanding warrants, the number of shares issuable under the warrants will be proportionately decreased and the exercise price of each warrant proportionately increased.

## [Table of Contents](#)

The number of shares of common stock issuable upon exercise or vesting of outstanding equity awards, options and warrants and the exercise or purchase price related thereto, if any, would be equitably adjusted in accordance with the terms of our 2012 Equity Incentive Plan and our 2020 Equity Incentive Plan, as applicable, or such stock option grants or warrants, as the case may be, which may include rounding the number of shares of common stock issuable down to the nearest whole share or the payment of cash for fractional shares.

### *Exchange Act Registration; Nasdaq Listing; CUSIP*

Our common stock is currently registered under Section 12(b) of the Exchange Act, and we are subject to periodic reporting and other requirements of the Exchange Act. The implementation of a reverse stock split would not affect the registration of our common stock under the Exchange Act or our reporting or other requirements under the Exchange Act.

We are currently listed on the Nasdaq Capital Market under the trading symbol “TCRT.” If our common stock remains listed on the Nasdaq Capital Market up to the time of a reverse stock split, then immediately following the reverse stock split our common stock would continue to be listed on the Nasdaq Capital Market under the “TCRT” symbol, although it is likely that Nasdaq would add the letter “D” to the end of the trading symbol for a period of 20 trading days after the effective date of the reverse stock split to indicate that the reverse stock split had occurred.

Following a reverse stock split, our common stock would have a new Committee on Uniform Securities Identification Procedures (“CUSIP”) number, which is a number used to identify our equity securities, and stock certificates with the older CUSIP number will need to be exchanged for stock certificates with the new CUSIP number by following the procedures described above.

### *Accounting Matters*

The filing of the Third Amended and Restated Charter and implementation of a reverse stock split would not affect the par value of our common stock per share, which will remain \$0.001. As a result, the stated capital attributable to common stock and the additional paid-in capital account on our balance sheet would not change due to a reverse stock split. However, the stated capital attributable specifically to our common stock would be reduced proportionally depending on the reverse stock split ratio, and the additional paid-in capital account would be credited with the amount by which the stated capital would be reduced. Also, if a reverse stock split is implemented, reported per share net income or loss would be higher because there will be fewer shares of our common stock outstanding. We do not anticipate that any other accounting consequences would arise as a result of a reverse stock split.

### **Appraisal Rights**

Our stockholders are not entitled to dissenters’ or appraisal rights under the Delaware General Corporation Law with respect to any of the proposals being voted on at the Annual Meeting and described in this proxy statement.

### **Certain Federal Income Tax Consequences of a Reverse Stock Split**

The following describes certain material U.S. federal income tax considerations of a reverse stock split expected to apply generally to U.S. Holders (as defined below) of our common stock. This description is based upon current provisions of the Internal Revenue Code of 1986, as amended (the “Code”), existing Treasury Regulations under the Code and current administrative rulings and court decisions, all of which are subject to change or different interpretation. Any change, which may or may not be retroactive, could alter the tax consequences to us or our stockholders as described in this section. No ruling from the U.S. Internal Revenue Service has been or will be requested in connection with a reverse stock split.

No attempt has been made to comment on all U.S. federal income tax consequences of a reverse stock split that may be relevant to particular U.S. Holders, including holders: (i) that are subject to special tax rules such as

## [Table of Contents](#)

dealers, brokers and traders in securities, mutual funds, regulated investment companies, real estate investment trusts, insurance companies, banks or other financial institutions or tax-exempt entities; (ii) that hold their shares as a hedge or as part of a hedging, straddle, “conversion transaction,” “synthetic security,” integrated investment or any risk reduction strategy; (iii) that are partnerships, S corporations, or other pass-through entities or investors in such pass-through entities; or (iv) that do not hold their shares as capital assets for U.S. federal income tax purposes (generally, property held for investment within the meaning of Section 1221 of the Code).

In addition, the following discussion does not address the tax consequences of a reverse stock split under state, local and foreign tax laws. The discussion assumes that for U.S. federal income tax purposes, a reverse stock split will not be integrated, or otherwise treated as part of a unified transaction, with any other transaction. Furthermore, the following discussion does not address the tax consequences of transactions effectuated before, after or at the same time as a reverse stock split, whether or not they are in connection with a reverse stock split.

For purposes of this discussion, a “U.S. Holder” means a beneficial owner of our common stock that is: (i) an individual who is a citizen or resident of the U.S.; (ii) a corporation (or other entity taxable as a corporation for U.S. federal income tax purposes) created or organized in the U.S. or under the laws of the U.S. or any subdivision thereof; (iii) an estate the income of which is includible in gross income for U.S. federal income tax purposes regardless of its source; or (iv) a trust (other than a grantor trust) if (A) a court within the U.S. is able to exercise primary supervision over the administration of the trust and one or more U.S. persons have the authority to control all substantial decisions of the trust or (B) it has a valid election in effect under applicable U.S. Treasury regulations to be treated as a U.S. person.

### **HOLDERS OF OUR COMMON STOCK ARE ADVISED TO CONSULT THEIR OWN TAX ADVISORS REGARDING THE U.S. FEDERAL INCOME TAX CONSEQUENCES OF A REVERSE STOCK SPLIT IN LIGHT OF THEIR PERSONAL CIRCUMSTANCES AND THE CONSEQUENCES OF A REVERSE STOCK SPLIT UNDER OTHER FEDERAL, STATE, LOCAL AND FOREIGN TAX LAWS.**

Based on the assumptions above, a reverse stock split will be treated as a tax-free recapitalization for U.S. federal income tax purposes. Accordingly, if a reverse stock split is adopted:

- A U.S. Holder that receives a reduced number of shares of our common stock pursuant to such reverse stock split will not recognize any gain or loss, except with respect to the amount of cash (if any) received in respect of a fractional share;
- A U.S. Holder’s aggregate tax basis in such holder’s shares of common stock received in such reverse stock split will equal the aggregate tax basis of such stockholder’s shares of common stock held immediately before such reverse stock split, but not including the aggregate tax basis of shares surrendered in exchange for cash received in respect of a fractional share (if any);
- A U.S. Holder’s holding period of shares of our common stock received in such reverse stock split will include the holding period of the pre-reverse stock split shares exchanged therefor; and
- A U.S. Holder that receives cash in lieu of a fractional share of common stock generally will recognize gain or loss equal to the difference (if any) between the amount of cash received and the U.S. Holder’s tax basis in the shares of common stock surrendered therefor. Such capital gain or loss generally will be long-term capital gain or loss if the U.S. Holder’s holding period for the common stock surrendered in the reverse stock split exceeds one year at the effective time of the reverse stock split. Long-term capital gains of non-corporate U.S. Holders are generally subject to preferential tax rates. There are limitations on the deductibility of capital losses under the Code.

For purposes of determining the tax basis and holding period of shares of our common stock received in a reverse stock split, U.S. Holders that acquired different blocks of shares our common stock at different times for different prices must calculate their basis and holding periods separately for each identifiable block of such stock exchanged in the reverse stock split.

Certain of our stockholders may be required to attach a statement to their tax returns for the year in which a reverse stock split is consummated that contains the information listed in applicable Treasury Regulations. All of our stockholders are advised to consult their own tax advisors with respect to the applicable reporting requirements.

### **Vote Required**

Affirmative votes “For” the amendment must exceed the votes cast against the amendment for approval of this proposal. Abstentions will have no effect on the vote required for approval.

The approval of this proposal is not conditioned on the approval or disapproval of Authorized Stock Increase Proposal. However, should both this proposal and the Authorized Stock Increase Proposal be approved by our stockholders, the Board would, in its discretion, choose which proposal(s) to implement, subject to its discretion to determine that neither proposal is in the best interest of the Company or its stockholders. In the event that this proposal is approved by the stockholders and the Authorized Stock Increase Proposal is not, the Board currently intends to nonetheless implement this proposal if, in its sole discretion, it deems it to be a necessary step to regain compliance with the Minimum Price Standard, should we fail to comply with the Standard during the Compliance Period.

*The Board recommends that you vote “FOR” the proposal to approve the Third Amended and Restated Charter to effect a reverse stock split, at our Board’s discretion.*

## Proposal 5

### Approval of the Certificate of Amendment to our Charter to Increase our Authorized Stock

#### Overview

On March 28, 2024, our Board unanimously approved and recommended that our stockholders approve an amendment to our Charter to, at the discretion of the Board, increase the authorized shares of our common stock from 34,666,667 shares of common stock to 50,000,000 shares of common stock within one year after the conclusion of the Annual Meeting, representing an increase of approximately 44%. The number of shares of preferred stock authorized for issuance will remain the same, at 30,000,000 shares of preferred stock, and will not be impacted by the increase in the authorized shares of capital stock or common stock, if approved by our stockholders. As of the Record Date, there were 16,012,479 shares of common stock issued and outstanding, no shares of common stock held as treasury stock, no shares of preferred stock issued or outstanding and 3,220,730 shares of our common stock reserved for issuance in connection with the following:

- the exercise of outstanding warrants to purchase 1,452,399 shares of common stock;
- the exercise and/or vesting of outstanding awards in the aggregate amount of 297,531 shares of common stock under our 2012 Equity Incentive Plan and our 2020 Equity Incentive Plan; and
- the granting of future awards in the aggregate amount of 1,470,800 shares of common stock under our 2020 Equity Incentive Plan.

As of the Record Date, 15,433,458 authorized shares of common stock remained available for future issuance. Accordingly, our Board unanimously determined it was advisable and in the best interest of the stockholders and the Company to amend our Charter to increase the number of authorized shares of common stock (the “Share Increase”) and directed that it be submitted for approval by the stockholders at the Annual Meeting in light of the time and expense that would otherwise be required to convene a special meeting for consideration of the proposed amendment at a later time. The form of the proposed Share Increase amendment is attached to this Proxy Statement as Annex B.

The amendment would increase the number of shares of common stock the Company is authorized to issue by 15,333,333 shares of common stock, or approximately 44%. Thus, if this proposal is approved by our stockholders, our total authorized capital stock would increase from 34,666,667 to 50,000,000, with the number of authorized shares of our preferred stock remaining unchanged at 30,000,000. The additional shares of common stock proposed to be authorized under this proposal would have rights identical to our currently outstanding shares of common stock. This description is qualified in its entirety by reference to the complete text of the certificate of amendment to our Charter, which is attached as Annex B to this proxy statement and incorporated into this proposal by reference.

#### Reasons for Increasing the Number of Authorized Shares of Common Stock

Our Board believes that the increase in our authorized shares of common stock will provide us with the ability to support our future anticipated growth and would provide us with greater flexibility to consider and respond to future business opportunities and needs as they arise, including equity financings. The availability of additional shares of common stock would permit us to undertake certain of the foregoing actions without the delay and expense associate with holding a special meeting of our stockholders to obtain stockholder approval each time such an opportunity arises. Unless and until we can generate sufficient revenues, we expect to finance our cash needs in whole or in part through equity offerings. If the authorization of the Share Increase is postponed until the foregoing specific needs arise, the delay and expense incident to obtaining stockholder approval at that time could impair our ability to meet our objectives.

### **Possible Effects of Increasing the Number of Authorized Shares of Common Stock**

Except for the conversion or exercise of outstanding convertible or exercisable securities (which conversion or exercise would be at the option of the respective holders), we currently have no plans, proposals, arrangements, or understandings to issue any authorized but unissued shares of our common stock. However, these additional authorized shares could be used in the future for various purposes without further stockholder approval, except as such approval may be required in particular cases by our organizational documents, applicable law or the rules of any stock exchange or other system on which our securities may then be listed.

Notwithstanding the foregoing, authorized but unissued shares of common stock may enable our Board to render more difficult or to discourage an attempt to obtain control of the Company. One of the consequences of such an action would be to protect the continuity of or entrench our management. This may adversely affect the market price of our common stock. If, in the due exercise of its fiduciary obligations, for example, our Board were to determine that a takeover proposal were not in the best interest of the Company, such shares could be issued by the Board without stockholder approval in one or more private placements or other transactions that might prevent or render more difficult or make more costly the completion of any attempted takeover transactions by diluting voting or other rights of the proposed acquirer or insurgent stockholder group, by creating a substantial voting block in institutional or other hands that might support the position of the incumbent Board, by effecting an acquisition that might complicate or preclude the takeover, or otherwise. We have no current intention to issue shares for anti-takeover purposes.

Failure to approve this Authorized Stock Increase Proposal could have adverse results for, and effects on, the Company. Without a reasonable amount of authorized shares available to us for issuance, we may not have the ability to raise additional capital, establish strategic relationships with other companies or expand our business or product lines through acquisition. In addition, if we effect a reverse stock split as described in Proposal 4, we will have a more limited number of authorized shares available for issuance which could further exacerbate the problems described above. Furthermore, our future success depends upon our ability to attract, retain and motivate highly-skilled scientific, commercial and managerial employees, and if this proposal is not approved by our stockholders, the lack of sufficient unissued and unreserved authorized shares of common stock to provide future equity incentive opportunities could adversely impact our ability to achieve these goals. Furthermore, given the decline in the price of our common stock, we may need additional shares of authorized common stock to satisfy our capital needs.

### **Effectiveness of Amendment**

The Share Increase, if approved by our stockholders, would become effective upon the filing and effectiveness of the certificate of amendment, the form of which is attached hereto as Annex B, with the Secretary of State of the State of Delaware. Such filing would take place only in the event the Board determines, following approval by our stockholders, that it remains in the best interest of the Company and its stockholders to effect the Share Increase. The exact timing of the filing of the amendment to effect the Share Increase, however, will be determined by our Board based on its evaluation as to when such action will be the most advantageous to the Company and our stockholders; provided, however, that the Share Increase amendment must be effective within one year after the conclusion of the Annual Meeting. In addition, our Board reserves the right, notwithstanding stockholder approval and without further action by the stockholders, to elect not to proceed with the Share Increase amendment if, at any time prior to the filing of the Share Increase amendment with the Secretary of State of the State of Delaware, our Board, in its sole discretion, determines that it is no longer in our Company's best interest or the best interest of our stockholders to proceed with the Share Increase.

### **Bifurcation of Proposals 4 and 5**

The approval of this proposal is not conditioned on the approval of the Reverse Stock Split Proposal. To the extent that only one of either of these proposals is approved by our stockholders, only the amendment to our

Charter to affect the proposal that was approved by our stockholders may be filed with the Secretary of State of the State of Delaware. To the extent that both the Authorized Stock Increase Proposal and Reverse Stock Split Proposal are approved by our stockholders, the amendment to our Charter to effect the Share Increase is expected, subject to the Board's discretion, to be filed in advance of the Third Amended and Restated Charter.

Notwithstanding approval of these proposals by our stockholders, our Board has reserved its right to abandon, at any time, either or both of the proposed amendments if, in its sole discretion, it determines doing so is in the best interest of the Company and our stockholders.

### **Vote Required for Approval**

Affirmative votes "For" the amendment must exceed the votes cast against the amendment for approval of this proposal. Abstentions will have no effect on the outcome of the vote.

The approval of this proposal is not conditioned on the approval or disapproval of Reverse Stock Split Proposal. However, should both this proposal and the Reverse Stock Split Proposal be approved by our stockholders, the Board would, in its discretion, choose which proposal(s) to implement, subject to its discretion to determine that neither proposal is in the best interest of the Company or its stockholders.

*The Board recommends that you vote "FOR" the proposal to approve the amendment to implement the Share Increase, at our Board's discretion.*

**Proposal 6**  
**Adjournment of Annual Meeting**

We are asking you to vote to approve one or more adjournments of the Annual Meeting to a later date or dates if necessary or appropriate to solicit additional proxies if there are insufficient votes to approve either the Reverse Stock Split Proposal or the Authorized Stock Increase Proposal at the time of the Annual Meeting or if we do not have a quorum.

If our stockholders approve this Adjournment Proposal, we could adjourn the Annual Meeting and any reconvened session of the Annual Meeting and use the additional time to solicit additional proxies, including proxies from stockholders that have previously returned properly executed proxies voting against the approval of the Reverse Stock Split Proposal or the Authorized Stock Increase Proposal. Among other things, approval of the Adjournment Proposal could mean that, even if we had received proxies representing a sufficient number of votes against the approval of the Reverse Stock Split Proposal or the Authorized Stock Increase Proposal such that the proposal to approve any such proposal would be defeated, we could adjourn the Annual Meeting without a vote on the approval of such proposal and seek to convince the holders of those shares to change their votes to votes in favor of approval of such proposal. Additionally, we may seek to adjourn the Annual Meeting if a quorum is not present.

Our Board believes that it is in the best interest of the Company and our stockholders to be able to adjourn the Annual Meeting to a later date or dates if necessary or appropriate for the purpose of soliciting additional proxies in respect of the approval of the Reverse Stock Split Proposal or the Authorized Stock Increase Proposal if there are insufficient votes to approve either or both at the time of the Annual Meeting or in the absence of a quorum.

**Vote Required**

The affirmative vote of the holders of a majority of the shares of common stock present in person or represented by proxy and entitled to vote at the Annual Meeting is required for approval of the Adjournment Proposal. Abstentions will be counted toward the vote total for Proposal 6 and will have the same effect as “AGAINST” votes.

*The Board recommends that you vote “FOR” approval of the adjournment of the Annual Meeting, if necessary, to solicit additional proxies if there are insufficient votes at the time of the Annual Meeting to approve either the Reverse Stock Split Proposal or the Authorized Stock Increase Proposal.*

## STOCKHOLDER PROPOSALS FOR THE 2025 ANNUAL MEETING OF STOCKHOLDERS

For a proposal to be considered for inclusion in our proxy materials for presentation at the 2025 annual meeting of stockholders pursuant to Rule 14a-8 under the Exchange Act, the proposal must be received by our Secretary at our principal executive offices at 2617 Bissonnet, Suite 225, Houston, TX 77005, by no later than December 27, 2024, unless the date of 2025 annual meeting of stockholders is changed by more than 30 days from the one-year anniversary of this year's annual meeting, in which case the deadline will be a reasonable time before we begin to distribute the proxy materials for the 2025 annual meeting of stockholders. Due to the complexity of the respective rights of the stockholders and us in this area, any stockholder desiring to propose such an action is advised to consult with his or her legal counsel with respect to such rights. We suggest that any such proposal be submitted to us by certified mail, return receipt requested.

Rule 14a-4 under the Exchange Act governs our use of our discretionary proxy voting authority with respect to a stockholder proposal that the stockholder has not sought to include in our proxy statement. Rule 14a-4 provides that if a proponent of a proposal fails to notify us at least 45 days prior to the one-year anniversary of the day of mailing of the prior year's proxy statement, management proxyholders will be allowed to use their discretionary voting authority as to whether the proposal is raised at the annual meeting, without any discussion of the matter. If a stockholder wishes to bring a matter before the stockholders at the 2025 annual meeting of stockholders but does not notify us before March 12, 2025 (or a reasonable time before we begin to distribute the proxy materials for the 2025 annual meeting of stockholders if the date of the 2025 annual meeting of stockholders is changed by more than 30 days from the one-year anniversary of this year's annual meeting), for all proxies we receive, the management proxyholders will have discretionary authority to vote on the matter, including discretionary authority to vote in opposition to the stockholder's proposal.

Recommendations for candidates to be considered for election to the Board at the 2025 annual meeting of stockholders may be submitted to the corporate governance and nominating committee by our stockholders. In order to make such a recommendation, a stockholder must submit the recommendation in writing to the Chairperson of the corporate governance and nominating committee, in care of our Secretary at our principal executive offices at 2617 Bissonnet, Suite 225, Houston, TX 77005, at least 120 days prior to the mailing date of the one-year anniversary of the previous year's annual meeting proxy statement. To enable the corporate governance and nominating committee to evaluate the candidate's qualifications, stockholder recommendations must include the following information:

- The name and address of the nominating stockholder and of the director candidate;
- A representation that the nominating stockholder is a holder of record of ours entitled to vote at the current year's annual meeting;
- A description of any arrangements or understandings between the nominating stockholder and the director candidate or candidates being recommended pursuant to which the nomination or nominations are to be made by the stockholder;
- A resume detailing the educational, professional and other information necessary to determine if the nominee is qualified to become a director of ours;
- Such other information regarding each nominee proposed by such stockholder as would have been required to be included in a proxy statement filed pursuant to the proxy rules of the SEC had each nominee been nominated by the Board; and
- The consent of each nominee to serve as a director of ours if so elected.

#### *Annual Bonus*

In 2023, we established formal bonus plan objectives, including accruing additional patients in our clinical trial, filing IND amendment with newly discovered TCRs through our hunTR program and improved manufacturing processes, and raising additional capital. 2023 bonuses to our named executive officers were paid out between 75% and 100% of target based on the compensation committee's assessment of each individual's performance. Our employment arrangements with our named executive officers provide that the executive may be eligible to earn an annual performance bonus of up to a target percentage of the executive's base salary, as described further below under the section titled "*Employment and Change in Control Agreements.*"

#### *Equity Compensation*

Our compensation committee believes that long-term equity incentive compensation is a critical component of our executive compensation program that links the interests of our executive officers with those of our stockholders. In 2023 and 2022, equity-based awards for our executive officers were granted in the form of stock options. Stock options align executives' realizable compensation with the creation of stockholder value and serve as an effective long-term incentive vehicle to retain talent and incentivize performance. Executives only realize value from options if our stock price increases following the grant date.

Stock options granted to our executive officers vest over four years, with 1/16th of the options vesting each quarter.

#### *Other Compensation*

We provide certain additional benefits to executive officers that are generally available to all employees, including medical, dental, vision and life insurance coverage, as well as 401(k) matching contributions.

### Stockholder Engagement

In 2023, our stockholder engagement included participation in investor conferences as well as individual investor meetings with stockholders and prospective stockholders. Conversations spanned topics including, but not limited to, clinical development plans and corporate strategy. We also engaged 6degrees to assist us in communicating with our investors.

We believe that ongoing, appropriate, and transparent communication with our stockholders is critical to our success long-term. We will continue to have a strong stockholder engagement program and communicate with our stockholders and prospective stockholders through our press releases, investor conferences, SEC filings, individual meetings and investor presentations. We believe that all of these communications together enable us to have a meaningful two-way dialogue, where the management team and Board can better listen to and understand stockholder perspectives, answer questions, and provide context to ongoing activities. Over the course of 2023, our stockholders have provided us with valuable feedback and external viewpoints that inform how we think about our business and strategy, and we are committed to continuing this dialogue.

On August 14, 2023, we announced a strategic reprioritization of our business and wind down of its TCR-T Library Phase 1/2 Trial. In connection with the reprioritization, we reduced our workforce by approximately 95% to date and continue working to reduce costs in order to extend our cash runway. We continue to explore strategic alternatives, including, but not limited to, an acquisition, merger, reverse merger, sale of assets, strategic partnerships, capital raises or other transactions. We engaged Cantor Fitzgerald & Co., or Cantor, to act as strategic advisor for this process. Separately, we are evaluating several potential in-licensing opportunities in obesity, oncology and virology.

The Non-PEO NEOs for whom the average compensation is presented in this table for 2022 and 2023 are Dr. Deniger and Ms. Lackey and for 2021 are Jill Buck, Eleanor de Groot and Raffaele Baffa.
- (2) The amounts shown as Compensation Actually Paid have been calculated in accordance with Item 402(v) of Regulation S-K and do not reflect compensation actually realized or received by the Company's NEOs. These amounts reflect total compensation as set forth in the Summary Compensation Table for each year, adjusted as described in footnote 3 below.
- (3) Compensation Actually Paid reflects the exclusions and inclusions for the CEO and the Non-CEO NEOs set forth below. Amounts excluded, which are set forth in the "Minus Stock and Option Awards from Summ. Comp. Table" columns below, represent the Stock Awards and Option Awards reported in the Stock Awards and Option Awards columns of the Summary Compensation Table for each applicable year. Amounts added back to determine Compensation Actually Paid are made up of the following components which are set forth in the table below, as applicable: (i) the fair value as of the end of the fiscal year of outstanding and unvested equity awards granted in that year; (ii) the change in fair value during the year of equity awards granted in prior years that remained outstanding and unvested at the end of the year; (iii) the fair value as of the vesting date of equity awards that were granted and vested in that year; and (iv) the change in fair value during the year through the vesting date of equity awards granted in prior years that vested during that year. The fair value at the end of the prior year of awards granted in any prior year that failed to meet applicable vesting conditions during the covered year are subtracted, although there were no such awards for the CEO or the Non-CEO NEOs in 2021, 2022 or 2023. Equity values are calculated in accordance with ASC Topic 718.

**INFORMATION REGARDING THE BOARD AND CORPORATE GOVERNANCE**

This section provides further information regarding the Board and the independence of our directors and describes key Corporate Governance Guidelines (the “Corporate Governance Guidelines”) and practices that we have adopted.

**Independence of the Board**

Our Board has undertaken a review of the independence of our directors and considered whether any director has a relationship that, in the opinion of the Board, would interfere with the exercise of independent judgment in carrying out the responsibilities of a member of our Board. Based upon information requested from and provided by each director concerning such director’s background, employment and affiliations, including family relationships, the Board has determined that all of our directors, other than Mr. Hogue are “independent directors,” as such term is defined in Nasdaq Rule 5605(a)(2). In making these determinations, our Board considered the current and prior relationships that each non-employee director has with the Company and all other facts and circumstances that our Board deemed relevant in determining their independence, including the beneficial ownership of our capital stock by each non-employee director.

**Board Leadership Structure**

On September 22, 2023, the Board appointed Mr. Weis to serve as its Chair. Prior to that, Mr. Weis had served as a member and chair of the audit committee for all of 2023 and 2022. The Board has elected to separate the chair function from that of the Chief Executive Officer, who serves as our principal executive officer, due to a belief that separating these functions, and empowering a non-executive director to chair the Board meetings, reinforces the independence of the Board in its oversight of our business and affairs. In addition, we believe that having a chair separate from the Chief Executive Officer creates an environment that is more conducive to objective evaluation and oversight of management’s performance, increasing management accountability and improving the ability of the Board to monitor whether management’s actions are in the best interest of the Company and our stockholders. As a result, we believe that having a chair separate from the Chief Executive Officer can enhance the effectiveness of the Board as a whole.

### Director Attendance at Board and Stockholder Meetings

The Board met 43 times during 2023, either in person, by teleconference or videoconference. Each current director attended at least 75% of the aggregate number of meetings of the Board and of the committees on which he or she served which were held during 2023 or the portion thereof that he or she served as a director or committee member.

As provided in our Corporate Governance Guidelines, we encourage attendance at our annual meetings by members of the Board. All of the then-current directors attended our 2023 annual meeting of stockholders either in person or by teleconference.

### Board Committees

The Board has established three standing committees: an audit committee, a compensation committee and a corporate governance and nominating committee. Each committee operates under a charter that has been approved by the Board. Current copies of each committee's charter are posted on the "Investors—Corporate Governance" section of our website, [www.alamos.com](http://www.alamos.com). Our website and its contents are not incorporated into this proxy statement.

The current members of the committees are as follows:

\* Committee Chairperson

#### *Audit Committee*

The current members of the audit committee are Mr. Weis, who serves as the committee's Chair, Mr. Postma and Mr. Vieser. As set forth in the audit committee charter, the primary responsibility of the audit committee is to oversee our financial reporting processes and internal control system on behalf of the Board. In that regard, the audit committee is responsible for, among other things, the appointment, compensation, retention and oversight of the work performed by the independent registered public accounting firm employed by us.

Each member of the audit committee is an "independent director," as such term is defined in Nasdaq Rule 5605(a)(2) and meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Exchange Act. The Board has also determined that each of the audit committee members is able to read and understand fundamental financial statements and that at least one member of the audit committee has past employment experience in finance or accounting. The Board has determined that at least one member of the audit committee, Mr. Weis, is an "audit committee financial expert," as that term is defined in Item 407(d)(5)(ii) of Regulation S-K promulgated under the Exchange Act.

The audit committee held five meetings during 2023.

#### *Compensation Committee*

The current members of the compensation committee are Dr. Hofmeister, who serves as the committee's Chair, Mr. Postma and Mr. Weis. As set forth in the compensation committee charter, the compensation committee reviews our compensation policies and practices and makes recommendations to the Board in connection with all compensation matters affecting our executive officers.

## [Table of Contents](#)

Each member of the compensation committee is an “independent director,” as such term is defined in Nasdaq Rule 5605(a)(2) and meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Exchange Act.

The compensation committee held five meetings during 2023.

### *Corporate Governance and Nominating Committee*

The current members of the corporate governance and nominating committee are Mr. Postma, who serves as the committee’s Chair, Dr. Hofmeister and Mr. Vieser. As set forth in the corporate governance and nominating committee charter, the primary responsibility of the corporate governance and nominating committee is to consider and make recommendations to the Board concerning the appropriate size, function and needs of the Board and its committees. In that regard, the corporate governance and nominating committee is, among other things, responsible for establishing criteria for membership on the Board, recruiting and recommending candidates to fill newly created or vacant positions on the Board and reviewing any candidates recommended by stockholders. In addition, the corporate governance and nominating committee evaluates and assesses the performance of the Board as a whole and its committees.

Each member of the corporate governance and nominating committee is an “independent director,” as such term is defined in Nasdaq Rule 5605(a)(2) and meets the criteria for independence set forth in Rule 10A-3(b)(1) under the Exchange Act.

The corporate governance and nominating committee held four meetings during 2023.

### **Director Nomination Process**

The corporate governance and nominating committee (or a subcommittee thereof) recruits and considers director candidates and presents qualified candidates to the full Board for consideration in accordance with the Corporate Governance Guidelines and the corporate governance and nominating committee’s charter, which is available on our website. Our website and its contents are not incorporated into this proxy statement. The Board and the corporate governance and nominating committee will consider the minimum general criteria set forth in the Corporate Governance Guidelines and may add any specific additional criteria with respect to specific searches in selecting candidates and existing directors for service on the Board. The corporate governance and nominating committee considers a nominee’s education, general business and industry experience, ability to act on behalf of stockholders, potential concerns regarding independence or conflicts of interest and other factors relevant in evaluating Board nominees.

The corporate governance and nominating committee believes that a Board comprised of directors with diverse skills and experiences relevant to our industry and operations will result in efficient and competent oversight of our various core competencies, which include drug development, strategic partnering, commercialization activities, regulatory compliance, corporate finance and accounting. As such, the corporate governance and nominating committee gives consideration to the interplay of a director candidate’s experience with that of other members of the Board and the evolving needs of our business.

Our Board continues to ensure that our corporate governance policies reflect the importance our Board places on diversity. More specifically, our policies emphasize our commitment to seeking to attain diversity and balance among directors of race, gender, geography, thought, viewpoints, backgrounds, skills, experience, and expertise. As a result, under our policies any search firm retained to assist the corporate governance and nominating committee in seeking candidates for the Board will be instructed to seek to include diverse candidates in terms of race, gender, geography, thought, viewpoints, backgrounds, skills, experience, and expertise from, among other areas, the traditional corporate environment, government, academia, private enterprise, non-profit organizations, and professions such as accounting, finance, marketing, human resources, and legal services.

## Table of Contents

Qualified candidates will be considered without regard to race, color, religion, sex, ancestry, national origin or disability, and the corporate governance and nominating committee will consider director candidates recommended by security holders. If the corporate governance and nominating committee approves a candidate for further review following an initial screening, the corporate governance and nominating committee will establish an interview process for the candidate. Generally, the candidate will meet with at least one member of the corporate governance and nominating committee, along with other members of the Board and management, including our Chief Executive Officer. Contemporaneously with the interview process, the corporate governance and nominating committee will conduct a comprehensive conflicts-of-interest assessment of the candidate. The corporate governance and nominating committee will consider reports of the interviews and the conflicts-of-interest assessment to determine whether to recommend the candidate to the full Board. The corporate governance and nominating committee will also take into consideration the candidate's personal attributes, including, without limitation, personal integrity, loyalty to us and concern for our success and welfare, willingness to apply sound and independent business judgment, awareness of a director's vital part in our good corporate citizenship and image, time available for meetings and consultation on our matters and willingness to assume broad, fiduciary responsibility.

Each of the individuals nominated for re-election to the Board pursuant to Proposal 1 were approved for such nomination by the corporate governance and nominating committee.

### **Risk Management and Oversight**

One of the Board's key functions is informed oversight of the Company's risk management process. The Board does not have a standing risk management committee, but rather administers this oversight function directly through the Board as a whole, as well as through various Board standing committees that address risks inherent in their respective areas of oversight. In particular, our Board is responsible for monitoring and assessing strategic risk exposure, including a determination of the nature and level of risk appropriate for the Company. Our audit committee has the responsibility to consider and discuss our major financial risk exposures and the steps our management has taken to monitor and control these exposures, including guidelines and policies to govern the process by which risk assessment and management is undertaken. Our corporate governance and nominating committee monitors the effectiveness of our Corporate Governance Guidelines. Our compensation committee assesses and monitors whether any of our compensation policies and programs have the potential to encourage excessive risk-taking.

In carrying out their risk oversight functions, the Board and its committees routinely request and review management updates, reports from the independent auditors and legal and regulatory advice from outside experts, as appropriate, to assist in discerning and managing important risks that may be faced by the Company. The Board is committed to continuing to evolve its risk oversight practices as appropriate given the stage of the Company's evolution as an immuno-oncology company and the fast-paced changes in the biotechnology industry.

### **Stockholder Communications with Directors**

We have established means for stockholders and others to communicate with the Board or individual directors. If a stockholder wishes to address a matter regarding our financial statements, accounting practices or internal controls, the matter should be submitted in writing addressed to the chairperson of the audit committee in care of the Secretary at our principal executive offices at 2617 Bissonnet, Suite 225, Houston TX 77005. If a stockholder is unsure where to direct a communication, the stockholder may direct it in writing to the chairperson of the audit committee, or to any one of our independent directors, in care of the principal financial officer at our principal executive offices at the address stated above. All of these stockholder communications will be forwarded by the principal financial officer to the addressee.

### **Code of Ethics and Business Conduct**

The Board adopted a Code of Ethics and Business Conduct to be applicable to all officers, directors and employees. The Code of Ethics and Business Conduct is intended to be designed to deter wrong-doing and promote honest and ethical behavior, full, fair, timely, accurate and understandable disclosure, and compliance with applicable laws. In addition to provisions that are applicable to officers, directors and employees generally, the Code of Ethics and Business Conduct contains provisions that are specifically applicable to our Chief Executive Officer and senior financial officer(s). Our website and its contents are not incorporated into this proxy statement.

### **Corporate Governance Guidelines**

The Board has adopted Corporate Governance Guidelines to ensure that the Board will have the necessary authority and practices in place to review and evaluate our business operations as needed and to make decisions that are independent of our management. The Corporate Governance Guidelines are also intended to align the interests of directors and management with those of our stockholders. The Corporate Governance Guidelines set forth the practices the Board intends to follow with respect to, among other things, Board composition and selection including diversity, Board meetings and involvement of senior management, Chief Executive Officer performance evaluation and succession planning, and Board committees and compensation.

### **Whistleblower Policy**

We have adopted a whistleblower policy applicable to our employees that provides for protection from retaliation or discrimination by the Company due to reporting issues relating to compliance with applicable laws and regulations.

### **Clawback Policy**

The Board has adopted a compensation clawback policy which provides for the recoupment of incentive-based compensation in the event of an accounting restatement. The clawback policy is intended to comply with Section 10D of the Exchange Act, the rules promulgated thereunder by the SEC, and applicable Nasdaq listing standards. In the event we are required to prepare an accounting restatement (as defined in the clawback policy), any executive officer who received excess compensation (as defined in the clawback policy) during the three completed fiscal years preceding the date of the accounting restatement will be required to repay or forfeit such excess compensation.

### **Corporate Governance Documents**

Please visit our investor relations website at [www.alaunos.com](http://www.alaunos.com) for additional information on our corporate governance, including: the charters approved by the Board for the audit committee, compensation committee and nominating and governance committee, and our Code of Ethics and Business Conduct.

In the event of any amendment to, or waiver from, a provision of our Code of Ethics and Business Conduct, we will promptly post on our website relevant information regarding the amendment or waiver, including the date and the nature of the event. Our website and its contents are not incorporated into this proxy statement.

## LIMITATION OF LIABILITY AND INDEMNIFICATION

Our Charter limits the personal liability of directors for breach of fiduciary duty to the maximum extent permitted by the Delaware General Corporation Law. Our Charter provides that no director will have personal liability to us or to stockholders for monetary damages for breach of fiduciary duty as a director. These provisions do not, however, eliminate or limit the liability of any of the directors for:

- any breach of the director's duty of loyalty to us or our stockholders;
- any act or omission not in good faith or that involves intentional misconduct or a knowing violation of law;
- voting or assenting to unlawful payments of dividends, stock repurchases or other distributions; or
- any transaction from which the director derived an improper personal benefit.

Any amendment, repeal or modification of these provisions will not adversely affect any right or protection of a director in respect of any act or omission occurring prior to such amendment, repeal or modification. If the Delaware General Corporation Law is amended to provide for further limitations on the personal liability of directors of corporations, then the personal liability of the directors will be further limited to the greatest extent permitted by the Delaware General Corporation Law.

Our Charter also provides that we must indemnify directors and officers in certain circumstances. We believe this provision is important in attracting and retaining qualified individuals to serve as directors and executive officers. Our bylaws, as amended, also provide for the indemnification of our directors, officers, employees and other agents to the maximum extent permitted by law.

We maintain director and officer insurance providing for indemnification of our directors and officers for certain liabilities, including certain liabilities under the Securities Act of 1933, as amended. We also maintain a general liability insurance policy that covers certain liabilities of directors and officers arising out of claims based on acts or omissions in their capacities as directors or officers. We have also entered into indemnification agreements with each of our directors.

## CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The following discussion relates to certain transactions that involve both the Company and one of our executive officers, directors, director nominees or five-percent stockholders, each of whom we refer to as a “related party.” For purposes of this discussion, a “related-party transaction” is a transaction, arrangement or relationship:

- in which we participate;
- that involves an amount in excess of \$120,000; and
- in which a related party has a direct or indirect material interest.

### **Related-Party Transaction Policy**

We have a related person transaction policy that sets forth our procedures for the identification, review, consideration and approval or ratification of related person transactions. For purposes of our policy only, a related person transaction is a transaction, arrangement or relationship, or any series of similar transactions, arrangements or relationships, in which we and any related person, directly or indirectly, are, were or will be participants in which the amount involved will or may reasonably be expected to exceed \$120,000 in any calendar year. Transactions involving compensation for services provided to us as an employee or director are not covered by this policy. A related person is any person who is, or at any time since the beginning of the Company’s last fiscal year was, an executive officer, director, or nominee to become a director of the Company or a beneficial owner of more than 5% of any class of our voting securities, including any of such persons’ immediate family members and any entity that such persons owned, controlled, held a control position in or held a 5% or greater beneficial ownership interest in.

Under the policy, if a transaction has been identified as a related person transaction, including any transaction that was not a related person transaction when originally consummated or any transaction that was not initially identified as a related person transaction prior to consummation, our management must present information regarding the related person transaction to our audit committee, or, if audit committee approval would be inappropriate, to another independent body of our Board, for review, consideration and approval or ratification. The presentation must include a description of, among other things, the material facts, the interests, direct and indirect, of the related persons, the benefits to us of the transaction and whether the transaction is on terms that are comparable to the terms available to or from, as the case may be, an unrelated third party or to or from employees generally. Under the policy, we will collect information that we deem reasonably necessary from each director, executive officer and, to the extent feasible, significant stockholder to enable us to identify any existing or potential related person transactions and to effectuate the terms of the policy.

In considering related person transactions, our audit committee, or other independent body of our Board, will take into account the relevant available facts and circumstances including, but not limited to: the risks, costs and benefits to us; the impact on a director’s independence in the event that the related person is a director, immediate family member of a director or an entity with which a director is affiliated; the availability of other sources for comparable services or products; and the terms available to or from, as the case may be, unrelated third parties or to or from employees generally.

The policy requires that, in determining whether to approve, ratify or reject a related person transaction, our audit committee, or other independent body of our Board, must consider, in light of known circumstances, whether the transaction is in, or is not inconsistent with, our best interest and those of our stockholders, as our audit committee, or other independent body of our Board, determines in the good faith exercise of its discretion.

### **Certain Related-Party Transactions**

Except as described below, there have been no transactions since January 1, 2022 in which we have been a participant in which the amount involved exceeded or will exceed \$120,000, and in which any of our directors,

executive officers or holders of more than 5% of our common stock, or any members of their immediate family, had or will have a direct or indirect material interest, other than compensation arrangements which are described elsewhere in this filing under the sections titled “—Executive Compensation” and “—Director Compensation.”

### *Underwritten Offering*

On November 29, 2022, we entered into an underwriting agreement (the “Underwriting Agreement”) with Cantor Fitzgerald & Co. (the “Underwriter”), as the sole underwriter, relating to the issuance and sale in an underwritten offering (the “Offering”) of 24,228,719 shares (the “Firm Shares”) of the Company’s common stock, par value \$0.001 per share, to the Underwriter at a price of \$0.6191 per share. Under the terms of the Underwriting Agreement, the Company granted the Underwriter an option, exercisable for 30 days, to purchase up to an additional 3,634,307 shares of common stock (the “Option Shares” and, together with the Firm Shares, the “Shares”) at the same price per share as the Firm Shares. All of the Shares sold in the Offering were sold by the Company. The net proceeds to the Company from the Offering, excluding any exercise by the Underwriter of its option to purchase any of the Option Shares, are expected to be approximately \$14.6 million after deducting underwriting discounts and commissions and estimated offering expenses payable by the Company. Entities affiliated with our directors, Messrs. Postma and Vieser purchased an aggregate of 2,000,000 Firm Shares at a price per share of \$0.65.

The Underwriting Agreement contains customary representations, warranties and agreements by the Company, customary conditions to closing, indemnification obligations of the Company and the Underwriter, including for liabilities under the Securities Act, and other obligations of the parties and termination provisions. The representations, warranties and covenants contained in the Underwriting Agreement were made only for purposes of such agreement and as of specific dates and were solely for the benefit of the parties to such agreement. The Offering is expected to close on or about December 1, 2022, subject to customary conditions.

The foregoing summary of the Underwriting Agreement does not purport to be complete and is subject to, and qualified in its entirety by, reference to the full text of the Underwriting Agreement, which was filed as Exhibit 1.1 on our Current Report on Form 8-K filed on November 30, 2022.

### *WaterMill Settlement Agreement*

On February 4, 2021, we entered into the WaterMill Settlement Agreement with the WaterMill Parties. Pursuant to the WaterMill Settlement Agreement, we increased the size of our Board from eight to nine directors and appointed Mr. Postma to fill the newly created directorship.

The WaterMill Settlement Agreement included certain customary standstill restrictions applicable from February 4, 2021 until the date that was the earlier of (i) January 1, 2022 and (ii) thirty (30) calendar days prior to the nomination deadline for our 2022 annual meeting of stockholders (the “Standstill Period”). During the Standstill Period, the WaterMill Parties were, among other things, restricted from engaging in any solicitation of proxies or written consents with respect to the election or removal of directors or, with certain exceptions, any other matter or proposal, or acquiring voting stock that would result in the WaterMill Parties having beneficial ownership of more than 9.9% of our outstanding voting stock.

Under the WaterMill Settlement Agreement, we agreed that during the Standstill Period, we would nominate each of Mr. Postma, Jaime Vieser and Holger Weis for election at any stockholder meeting at which directors are to be elected and will recommend, support and solicit proxies for the election of each of Messrs. Postma, Vieser and Weis.

The WaterMill Settlement Agreement also provided that at any meeting of our stockholders held prior to the expiration of the Standstill Period, the WaterMill Parties would vote all of their shares of our securities in

accordance with the recommendation of our Board, with respect to the election, removal and/or replacement of directors. The WaterMill Parties retained the right to vote in their sole discretion with respect to any other publicly announced proposal not made in breach of the WaterMill Settlement Agreement.

Further, pursuant to the WaterMill Settlement Agreement, we agreed to reimburse the WaterMill Parties for up to \$400,000 of their reasonable out-of-pocket fees and expenses out of a total of approximately \$650,000 in fees and expenses actually incurred by the WaterMill Parties in connection with (i) the WaterMill Parties' solicitation of written consents from our stockholders to vote in favor of certain proposals, as set forth in the definitive consent statement filed by the WaterMill Parties on October 30, 2020, and (ii) the negotiation, execution and effectuation of the WaterMill Settlement Agreement. As of February 19, 2021, we have fully reimbursed the WaterMill Parties an aggregate amount of \$400,000. During the year ended December 31, 2021, we received \$250,000 in insurance recoveries associated with legal expenses incurred on this matter.

### *Joint Venture with TriArm Therapeutics Ltd.*

On December 18, 2018, we launched Eden BioCell, a joint venture with TriArm Therapeutics Ltd, or TriArm, to lead the commercialization of our *Sleeping Beauty*-generated CAR-T therapies in the People's Republic of China (including Macau and Hong Kong), Taiwan and Korea. Under our agreements with TriArm, we licensed to Eden BioCell the rights in Greater China for its third-generation *Sleeping Beauty*-generated CAR-T therapies targeting the CD19 antigen. Eden BioCell is owned equally by us and TriArm and the parties share decision-making authority. TriArm agreed to contribute up to \$10.0 million to Eden BioCell and has committed up to an additional \$25.0 million to this joint venture. TriArm also manages all clinical development in the territory pursuant to a Master Services Agreement between TriArm and Eden BioCell. In March 2021 and as announced by the Company in April 2021, Eden BioCell began treating patients in a clinical trial with the Company's investigational CD19 RPM CAR-T cell therapy, under the IND cleared by the Taiwan FDA in December. In September 2021, it was mutually agreed between the parties to dissolve the joint venture. The dissolution of the joint venture and the related entity was wound down and terminated in 2023. James Huang, who became a director of our Company in July 2020, and was appointed Chair of our Board of directors in January 2021 and then Executive Chair of our Board in February 2021, was the founder and serves as managing partner of Panacea Venture, which is an investor in TriArm. Mr. Huang also serves as a member of Eden BioCell's board of directors. Mr. Huang resigned from the Board in 2023.

### *Indemnification Agreements*

## **DELINQUENT SECTION 16(A) REPORTS**

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than 10% of a registered class of our equity securities, to file with the SEC reports of beneficial ownership and reports of changes in beneficial ownership in our securities. Based solely on a review of such reports filed electronically with the SEC, we believe that during 2023, Dr. Hofmeister filed two late Section 16(a) filings (a Form 3 filed on April 19, 2023 and a Form 4 filed on April 19, 2023 (option grant)) due to administrative delays and all other Section 16(a) filings applicable to our directors, officers, and 10% stockholders were filed on a timely basis.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT**

The following table sets forth certain information with respect to the beneficial ownership of common stock as of April 7, 2024 for:

- each person, or group of affiliated persons, who is known by us to be the beneficial owner of greater than five percent of our outstanding common stock;
- each of our directors and director nominees;
- each of our named executive officers named in the “Executive Compensation—Executive Compensation Table” section above; and
- all of our directors and executive officers as a group.

Beneficial ownership is determined in accordance with the rules of the SEC. These rules generally attribute beneficial ownership of securities to persons who possess sole or shared voting power or investment power with respect to those securities, or have the right to acquire such powers within 60 days. Common stock subject to options that are currently exercisable or exercisable within 60 days of April 7, 2024 are deemed to be outstanding and beneficially owned by the person holding the options. These shares, however, are not deemed outstanding for the purposes of computing the percentage ownership of any other person. Except as otherwise indicated, all persons listed below have sole voting and investment power with respect to the shares beneficially owned by them, subject to applicable community property laws. Percentage ownership calculations are based on 16,012,479 shares outstanding as of April 7, 2024. Except as otherwise noted below, the addresses for persons listed in the table is c/o Alaunos Therapeutics, Inc., 2617 Bissonnet, Suite 225, Houston, Texas 77005. All share numbers have been adjusted to reflect the 1-for-15 reverse stock split of the Company’s common stock effected on January 31, 2024.

## HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (such as brokers) to satisfy the delivery requirements for Notices of Internet Availability of Proxy Materials or other annual meeting materials with respect to two or more stockholders sharing the same address by delivering a single Notice of Internet Availability of Proxy Materials or other annual meeting materials addressed to those stockholders sharing the same address. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are our stockholders will be “householding” our proxy materials. A single Notice of Internet Availability of Proxy Materials or other annual meeting materials will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate Notice of Internet Availability of Proxy Materials or other annual meeting materials, please notify your broker. Alternatively, you may direct your written request to Alaunos Therapeutics, Inc., 2617 Bissonnet, Suite 225, Houston, TX 77005, Attention: Legal Department or contact us at (346) 355-4099. Stockholders who currently receive multiple copies of the Notice of Internet Availability of Proxy Materials or other annual meeting materials at their addresses and would like to request “householding” of their communications should contact their brokers or contact us in the way described above.

**OTHER MATTERS**

The Board knows of no other matters that will be presented for consideration at the Annual Meeting. If any other matters are properly brought before the Annual Meeting, it is the intention of the persons named in the accompanying proxy to vote on such matters in accordance with their best judgment.

By Order of the Board of Directors,

/s/ Melinda Lackey

4. *Number of Shares.* The total number of shares of all classes of stock that the Corporation shall have the authority to issue is [the sum of the shares of common stock and the shares of preferred stock] shares, consisting of: [the then-current amount, divided by any whole number between five (5) and fifteen (15), rounded up to the nearest whole share] shares of common stock, \$0.001 par value per share (the “Common Stock”), and Thirty Million (30,000,000) shares of preferred stock, \$0.001 par value per share (the “Preferred Stock”).

Pursuant to the Delaware General Corporation Law, upon the filing and effectiveness (the “Effective Time”) of this Third Amended and Restated Certificate of Incorporation, each [any whole number between [●] ([●]) and [●] ([●])] shares of Common Stock issued and outstanding or held by the Corporation in treasury stock immediately prior to the Effective Time shall be combined into one validly issued, fully paid and non-assessable share of Common Stock, without any further action by the Corporation or the holder thereof, subject to the treatment of fractional share interests as described below (the “Reverse Stock Split”). 7.2. *Prepayment of Expenses.* The Corporation shall pay the expenses (including attorneys' fees) incurred by a Covered Person in defending any Proceeding in advance of its final disposition, provided, however, that, to the extent required by applicable law, such payment of expenses in advance of the final disposition of the Proceeding shall be made only upon receipt of an undertaking by the Covered Person to repay all amounts advanced if it should be ultimately determined that the Covered Person is not entitled to be indemnified under this Article 7 or otherwise.

7.3. *Claims.* If a claim for indemnification or advancement of expenses under this Article 7 is not paid in full within 30 days after a written claim therefor by the Covered Person has been received by the Corporation, the Covered Person may file suit to recover the unpaid amount of such claim and, if successful in whole or in part, shall be entitled to be paid the expense of prosecuting such claim. In any such action the Corporation shall have the burden of proving that the Covered Person is not entitled to the requested indemnification or advancement of expenses under applicable law.

7.4. *Nonexclusivity of Rights.* The rights conferred on any Covered Person by this Article 7 shall not be exclusive of any other rights that such Covered Person may have or hereafter acquire under any statute, provision of this Third Amended and Restated Certificate of Incorporation, the By-laws, agreement, vote of stockholders or disinterested directors or otherwise.

7.5. *Other Sources.* The Corporation's obligation, if any, to indemnify or to advance expenses to any Covered Person who was or is serving at its request as a director, officer, employee or agent of an Other Entity shall be reduced by any amount such Covered Person may collect as indemnification or advancement of expenses from such Other Entity.

7.6. *Amendment or Repeal.* Any repeal or modification of the foregoing provisions of this Article 7 shall not adversely affect any right or protection hereunder of any Covered Person in respect of any act or omission occurring prior to the time of such repeal or modification.

7.7. *Other Indemnification and Prepayment of Expenses.* This Article 7 shall not limit the right of the Corporation, to the extent and in the manner permitted by applicable law, to indemnify and to advance expenses to persons other than Covered Persons when and as authorized by appropriate corporate action.

8. *Adoption, Amendment and/or Repeal of By-Laws.* In furtherance and not in limitation of the powers conferred by the laws of the State of Delaware, the Board is expressly authorized to make, alter and repeal the By-laws, subject to the power of the stockholders of the Corporation to alter or repeal any By-law whether adopted by them or otherwise.

9. *Certificate Amendments.* The Corporation reserves the right at any time, and from time to time, to amend, alter, change or repeal any provision contained in this Third Amended and Restated Certificate of Incorporation, and other provisions authorized by the laws of the State of Delaware at the time in force may be added or inserted, in the manner now or hereafter prescribed by applicable law; and all rights, preferences and privileges of whatsoever nature conferred upon stockholders, directors or any other persons whomsoever by and pursuant to this Third Amended and Restated Certificate of Incorporation in its present form or as hereafter amended are granted subject to the rights reserved in this article.
